A
TOUCH
of
CLASS

Because of his dedication to us . . .

**The 1988 Compass is
dedicated to Bert Hudnall.**

"Who that?" a third grader asked of his teacher in 1978.

"That's Mr. Hudnall, our new headmaster."

"Oh," replied the third grader. "What does a headmaster do?"

"He runs the school, acts as a college counselor, and raises money for school projects."

"What do we need money for?" asked the third grader, which absurdly ended the conversation.

I remember the episode well because I was that third grader. I am no longer the naive 8 year old who knew not the meaning of money nor the function of a headmaster. Today I am aware of the value of a good headmaster and Bertrand Hudnall II has exemplified the definition.

After having worked at such fine institutions as Darlington School in Rome, Georgia, Virginia Episcopal School in Lynchburg and Randolph Macon Women's College also in Lynchburg, Mr. Hudnall went to Salem Academy in Winston-Salem, North Carolina which was his last stop before arriving at the famed North Cross School in Roanoke. Since that time his accomplishments have been many and great. Aside from his vast knowledge and experience in being a college counselor, Mr. Hudnall has also raised funds for the expansion of North Cross in our commitment to excellence. His greatest achievement is without a doubt the multi-million dollar construction of Willis Hall. Mr. Hudnall has been more than a headmaster for the last ten years, he has been a friend — to all of us, and we will miss him greatly.

Bert Hudnall

"IT was a long tuff climb but we made it!" — Student Life Crew

SKIPPING

Class

"Ooh, Dig it baby!" — Mike Brenner looks psychedelic, and those glasses are it!

Out of Class — You Gotta' Love It!

Parties, jobs, homework, parties, old-fashioned fun and more parties are all part of the everyday but unique life of the well-known species, Northius Crossius Studen-tus. As the bells of this well-known dwelling ring and papers fly, the inhabitants rush toward the parking lot containing the Sacred Senior Parking Spaces over which many battles are fought. Some hasten to the gym or fields for sports practice and the chosen few dash eagerly to the long-awaited and highly acclaimed afternoon study hall.

The precise activities and habits of this unusual species remain a mystery to the majority of the observers. Amongst the shouts, car horns and bizarre imitations of celebrities and fellow students, who knows what may go on in the afterhours of a typical N.C. student? What do they do in their spare time? This is frequently asked, and through many failed attempts at revealing the secret sessions, it unfortunately must remain unanswered for the time being. But what about the much observed day time activities providing so much interest to those surrounding onlookers? Well, that's what we aim to reveal to you.

The N.C. Student Life Section monitors this "business" with precision often compared with that of a pure-bred bloodhound's. The dedicated staff members not only sacrifice their minute amounts of pleasure time, but also their personal safety — All to bring those hard to find facts inquiring minds want to know. To give you an idea of our faithful pledge to the quest

of superior journalism, I give you an account from one of our predator reporters.

"One evening I spotted a well-known editor of a well-known annual leaving the gymnasium rather abruptly being an eye of the public, I had no choice but to tail her in my sleek spy-mobile. About twenty minutes later, we came to a mutual rest on the Parkway. Then, through the milky, Spielberg fog overhead, a round ring of brightly flashing lights lowered itself onto the street. A hatch door opened, revealing three long, blue, kinky arms which reached out and grabbed this well-known editor." "We told you one-hundred pages or you can consider yourself COSMIC SQUID BAIT! She was never seen again!" The moral of this episode is, of course, "Don't take candy from a stranger." Well, we are not strangers . . . you can trust us. The Student Life Staff, because we put truth first in our journalism process. So sit back, relax, and be comforted. We are your connection for the stellar hippin buzz in the lives of the North Cross Student Body.

Once again North Cross is transformed into the North Cross Institution for the Temporarily Insane, sheltering mass-murderers, drugged-out rock stars, rejects from the Gong Show, and candidates for a look-alike contest of Johnny Carson on a bad day. Halloween has reared its ghoulish head, obviously having its effect on seniors' brains and creating mischief and excitement in the minds of Lower Schoolers.

The Lower School has traditionally paraded the Middle and Upper School halls, but this year came with a few changes. First, Mrs. Ellis was unable to lead the throng of space invaders, bizarre animals and Ramboes in their caper. Mrs. Ellis and her traditional role as a witch were generally missed by all, but the spirit remained

strong, especially when the Seniors decided to take part in the fun. This year, not only did the Lower School perform their escapades, but the Seniors also donned costumes and gave the Lower Schoolers an unusual treat by cavorting about the halls in a parade of their own.

In the midst of this festival fever, the fifth grade contributed the final touch by carving and decorating pumpkins. The pumpkins were later awarded to the lucky winners of the Fifth Grade Lottery.

The fond memories of this year's celebration, fond as they are, are sure to fade in time, and anticipation of the festivities of the year to come will take place; so until next year, **HAPPY HALLOWEEN**

Meet Aspen the dog, our secret to *Compass* success. A relative of W. R. Hearst's beagle, Aspen lives for media. Although radio is her favorite, Aspen loves to spend a few hours every weekend basking in the sun while working on the North Cross yearbook.

Sitting in the publications room one Saturday, I found myself struck with a horrible case of writer's block. "Aspen," I said. "I can't write this article about Evaluation Day. The Upper School did so much this year, even if it was only a half day." "Well, what seems to be the problem?" replied Aspen in a motherlike voice only expert dog writers can use. "First of all, I am not sure how to link everything together. We had evaluation sessions, pizza in the parking lot, the red and white draft, and a bunch of groovy games." "That is too boring, be more descriptive. Can you tell me about the games?" "Sure." After drafting the freshmen for Red and White Intramurals the games rolled to a start with the

first event, the wheelbarrow race. The Seniors buried everyone as usual. However the orange carry and all of its awkward positions resulted in a Junior class win. The next event, the banana-stuffing-three-legged-make-a-fool-of-yourself-while-breaking-a-belt race, gave the Seniors the lead again. At this point, the Sophomores began their offensive, striking first with a win in the water-balloon toss. The pre-eating penultimate thriller passed in the parking lot, most of the pie ending up in four stomachs. One stomach was the biggest, or maybe the mouth was biggest (who can tell with the Sophomores, winning the contest by a mile.) The tiebreaker, the final event, a lunge for the whole ball of earwax, for the big bowl of beans, was none other than tug-o-war. For six hours Packy and his dirty work crew picked, hacked, and shoveled a pit big enough for a swimming pool (As a matter of fact, it was used as a "bath" for Maria Lawrence)

RAIDER

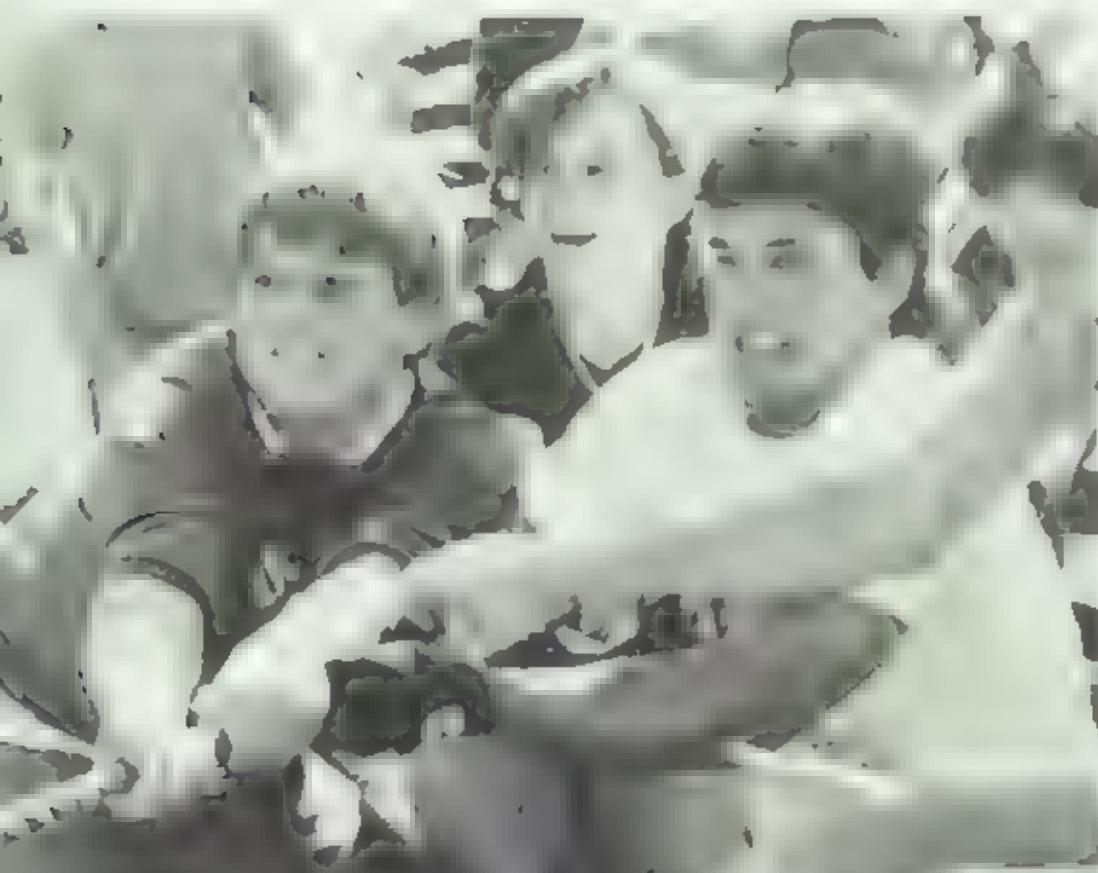

After the grunting, pulling, falling, and swimming, one class won... the Seniors. Is that enough detail, Aspen?" "Yes, it is a start. Now you can write the article." Cunningly grinning, I replied, "It's already done."

Happy Birthday Constitution!

"The chefs" look on with enthusiasm (above). "Yes, we really are the people!" (below)

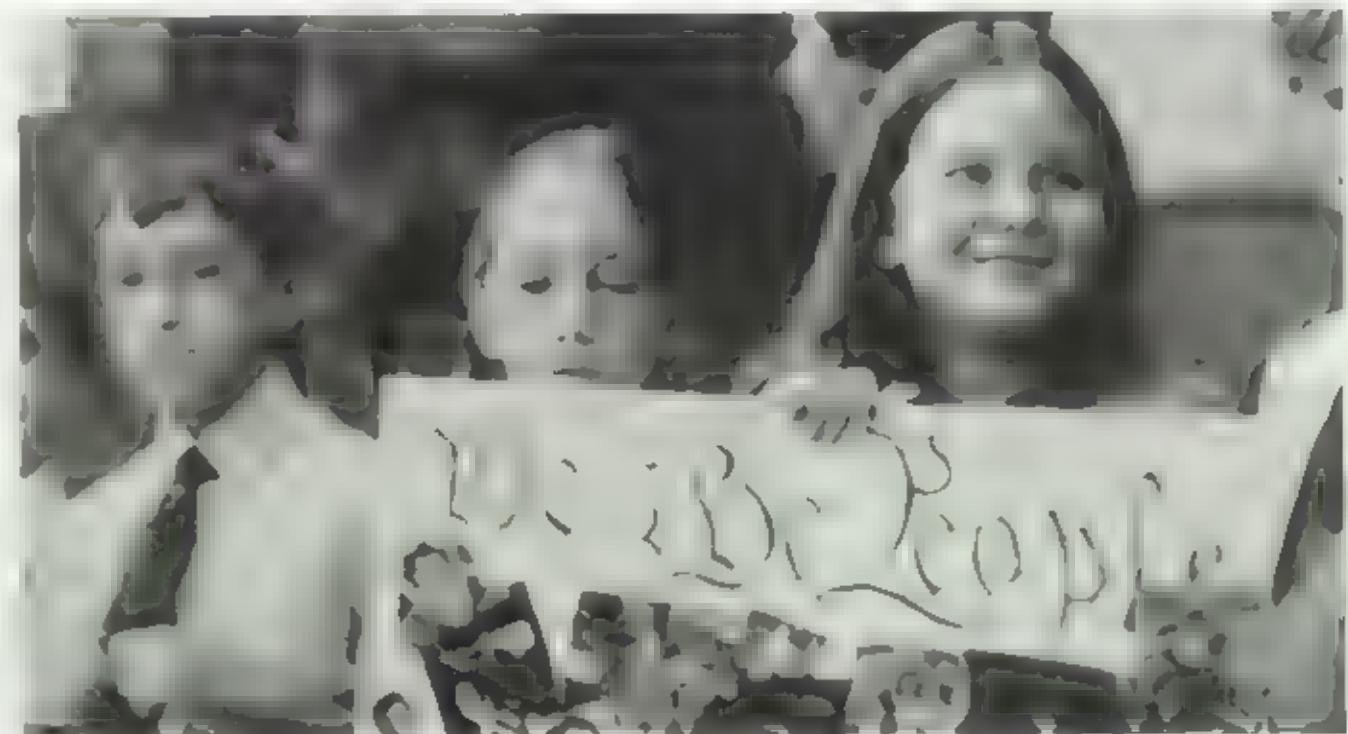

Amid the national frenzy of the 200th birthday of our Constitution, the North Cross Lower and Middle Schools contributed with a variety of activities.

The morning began with the flag folding demonstration conducted by lower school director, Mrs. Holt and SCA president, Richie Wolf. Mrs. Young, dressed as Dolly Madison, led her fourth grade classes into the crowd of lower school students gathered around the flag pole, exhibiting their signs they had made during their studies of the constitution. Though all these signs displayed ideas from the constitution, they were all constructed differently. Among these signs was "Freedom of the press", "Freedom of assembly", "3 branches of government", and the biggest one of all "Three cheers for James Madison." The students carrying these signs were anxious to tell their opinions of how the constitution affects their lives. One girl summed it up as, "It gives you the right to choose your own bubblegum."

Later that day, Mrs. Hart, dressed in her 18th century red, white, and blue dress, served cake to the lower school students. However, the lower school did not have a monopoly on celebration for the day — the middle school had their contribution also. At noon, all of the middle school students brought red, white, and blue helium balloons to the playground. Mr. Calvert, director of the middle school, read the preamble of the

constitution and as he finished, the balloons were launched. The crowd then burst into cheering and applauding, many waving hands in hopes of appearing on the WDBJ 7 News coverage.

The day had passed uneventfully for many people, but the North Cross Lower and Middle schools pledged their allegiance to the Constitution. Whether studying the content of the Constitution, eating a birthday cake in honor of the Constitution, or launching balloons, these students were aware of the document their freedom depends on.

Rich Wolf holds our flag. (below) Wyatt and Jennifer have fun!

SENIOR WILLS

I, Jodi Ernest, being of, we will, just skip this part, do leave the following: to My locker buddy, more Christmas cards, softball (J.V. and V.) and shin guards. To Amy, more calming clowns, a New Jersey Christmas and Tituba. To Caroline, "yes I do know who they are". To Cole, Shakespeare and right field. To Blanton, another shot at a goal and one last Jogi. To Marg, a better sports ability (ha! ha!) and earlier memories. To Cathie, my thanks for 9th grade and my apologies for 10th. To Nicole, "bleu", sparkling eyes and my remaining money. To Heather, a longer field hockey season. To John C., a buddy and an English accent pal. To Julie, my nickname and more on-the-field talks. To Allison, golf lessons and my all weather coat. To Jorge, Advanced Science and a gorgeous tie. To Katie T., golf tips, the sixties and balance. To Kevin Garbee, the golf team, all four positions. To Susan J., the frontline and reign over the team. To Paula, bathroom talks and biology. To Mary Marg, rainy leaf-collecting trips and ice cold apple juice. To Mr. Sharp, another pain in the butt student. To Mr. DeHart, novel length book reports. To Nelson, basketball games and a smile. To Dana, European History (Family Feud), V. basketball — remember?, another pet sister and more laughs. To Dutch, another peanut pal and Holly B. (please don't kill me!). To Katie S., one large Dominoe's pizza, all our sports memories and one heck of a huge smile. To Steve M, fun with Calculus, more zany stories and many laughs. To Lucy, my leaf press, the Hunan, more basketball games, the fieldhockey defense and lots of luck for the future. To Robin, more phone calls, an I.O.U. and my best. To April, carrot muffins, more drives around S. Roanoke, a frozen food aisle, a median, the 27th amendment and my friendship. To Amanda (my special friend). Computer class, dinner and gov't nights, the dessert group, my compliments on your art talent, more calls, long chats, laughs, smiles, all my thanks and my love — I will never forget you.

I, Alison Nordt, being of sound mind and body, do hereby leave the following: To Kevin, my Mastercard and "the ultimate jump" with noone in the way. To Buffy, Sparky (don't hurt her). To Cole, a pilot's license. To Jodi, a private golf course; to Dustin, my honor. To Alan, a trophy to admire in his old age and a beer truck. To Amy, and Denise, my ability to drive in the snow. To Carl, the ability to do Calculus (by himself). To Anna and Cary, TBCY, cheese crackers and our perfect picture. To Cathie, a dragon. To Allison K., a tape that plays without the little circle going round. To Kim and Marg, a cuteness criteria sheet. To Julie, my kneecap. To Bud, the lead singer of the Caboose. To Heather, the perfect double E. To Michelle, a pole strap.

I, Dutch Muscaro, just being a stud since day one, leave the following to the following: Mrs. Wall, a better understanding of Advanced math along with everyone else. To Seik (seek), the ability to handle a 911 SC on the Blue Ridge Parkway. To Chicken, sell that green piece and get a land rover. To Ron, my expertise on dunking, dribbling and all other aspects of basketball that I know. To Prill, a case. To Stevens, the three point stripe on the basketball court to set up anywhere. To Bonny, Sun. afternoon football. To the bench Raiders in basketball, beaver shot. To Anne, bus trips for basketball and Poison. To J. Rob, "catch a fat one, dude": Caboosin. To Curt, brains. To Pack, that plus six; that nice police officer Brasford, .04. To Chris M. (bro), the car; the house; Mrs. Wall; Mrs. Zoard, good taste in music and women. To Holly, I now you owe me one.

I, Cathie Rice, being insane, here share these memories. To Mr. Wonson, a nice day and a nice trip. To Mr. Sharp, all our left-over food and a parking ticket. To Senor, a class that speaks Spanish. To Mrs. Shaver, my cheerleading uniform. To Noffy, the prefix Dr. To Jodi, rocks (remember those)? To Ashley, of course, remember Buttercups and marble mushrooms in front of the television. To Denise, rap, dap and hap and a shoebox of private letters. To Richie, a middle school dance spent on the front lawn bopping clovers. To Dana, a water bottle (just like I said). To David, confetti, To Tim, peanuts (of course). To Lindsey, seventh period yearbook. To Christine, the ability to park a car. To Catherine, Shaggy D.A.; David and snowdays. To Toni, doughnuts; a brown cow, from how now now and our friendship. To the teachers, a special thanks for your friendship and a very happy goodbye!

I, Christine E. Kemper, being nearly gone and of quite un-sound mind, hereby leave firstly to M.B.K., aka Mick, aka Scum, my history notes; the telephone; some common sense; a book on how to read directions; someone to talk to at 5:30 p.m. and one game of Photon Blasters — next time you can be the captain. To N.G. and C.P. I leave nine months of my life. To Paula I leave 3 years of movies, a dinner at Hunan, a tonic, too many memories and 2 wishes because the first one has already been used — thank you. To Catherine, 9 years on a rollercoaster; Idiot Ponies; The concert; a weekend at the farm — blink your eyes, hold on tight and maybe yours will come true too! To R.J., Good Luck! To Cathie, thanks for the company. To J.C., I was too young sophomore year. To Mrs. Shaver, a whale dream. To Mrs. J., you are a wonderful person! To Humanities class, I leave a path out of the cave.

I, Anne Blanton, being of well . . . of mind and plenty of body leave the following: To CF — A turbo DD, tp at the corner of 26th and Crystal Springs, and all the . . . and friendships she can find. To Bon-Bon — A car that won't wreck, a hairstyle you like, and a nice considerate boyfriend. To Carl — plenty of more midnights at my house studying and Mary T.'s phone calls. To Caroline may you have a party where I do not have to worship the P.G. afterwards and an animal with a decent name that does not get sick. To Julie another weekend of doing all the things we did that weekend. To Robin — anytime you want a new boyfriend, I will set you up. To Dutch and Packy — My only friends on the bus, a box and batteries and tapes with lyrics that make sense. To all my fellow cheerleaders — well just, like the good times that we had. To Quinn — you are ugly, and may we always be friends, since we have never been friends. To Jimmer — please, for your sake do not have patience. To Wes — excuse me can I bum a . . . To AK — all of my wildest dreams. To Ron — may you always be sexy. To Lucy — many weekends and a new prom dress. To Katie S. — you got to stay with me to night!, and a big fat belch. To Katie T. — sometimes I just sit and wonder! To Kent and Terry — may all our wildest dreams during first period come true!

I, Alexander Boone, being of overworked mind and body after ten years of North Cross, bequeath the following: to Kent, a small thin wire. Richie, Ralph's Club. To Lauren, Denise's braid; to David, a "tempting roommate" for college; to Trip, another Saturday Night Fright; to Amy, another "deep" chair; to Matt, another night racing a Buick Grand National in the S.S.; to Tim, a partner to go to the tractor

pull; to Heather, mono, to Tarun, tickets to see the Crimson Tide beat everybody; to Grayson, paper towels to clean up after "E"; To Scott "Seik", a grain farm and a K-40 fuzz-buster; to Jeff, another RL weekend (@8#(a) that!); to Nicole, You know!; to Dustin, a leash for the "mad dog" and a passed out Salem girl; to Dan, Chester; to Mike, a fat one, the North Cross Tennis Throne, an I.D. so people will finally believe you're 21, Wintergreen 87 relived; to Jorge, memories of what could have been at Wintergreen 88 (if he hadn't been driving 80 m.p.h and gotten caught!) Last but not least Denise. What's not to like?", Palm Beach, a memorex tape of "Nothing Like the Sun" and UVa. To everybody else in my class — Good Luck in Life!

I Nicole Lynn Woo, being of sound mind and body, do hereby bequeath the following: To Mrs. Shaver, my pom-poms. To Denise, driver's-ed. To Amy, Sung. To Cameron, wait... who am I here? To Steve, drives through Pebble Creek and my emergency brake. To Carl, the churchyard and my quote. To Jodi, money. To Dana, my amazing ability to get down from stools. To Mr. France, my calmness and silence. To Mrs. Johnson, a last name and my superb organization and concentration. To Andy B., a car as cool as mine and the ability to tell the truth. To Richie, a run through the snow. To Zander, send me your second million. Oh, and a pound puppy. To Packy, spring break. To Ronald, an apology for Christiansburg (I didn't know) and a superball. To Curt, Dutch and Chris, the Blues Brothers... Oh, and Curt, thanks for teaching me how to ski. To Michael E., a B.O. Ring summer. To Cherie, our handshake or whatever it is. To Luke, Matthew and a trip to the beach. To P.A., the ability to live up to your name and we're coming to spend the night. To Doc, vectors (you can have them) and Albert Einstein. To Erin W., Fruit Wheats. To Fielding L., rumors. Be good on the weekends. To Justin, "shortcuts" through Peakwood; peaches at Kroger; a free ticket to come see me as

soon as they let you; one girlfriend at a time and an apology for your tooth. To Ash, our tree; our New Year's resolutions; our February resolution; one night with... um... Blue Eyes, alive; the ability to coordinate our "weekends" and Oh, silliness. To Dus, what you told me to leave you on the bus (pack...) and a cheer with three letters in ■

I, Paula Capozzi, being of average mind, short memory, and even shorter body, do hereby bequeath the following: To Christine an endless supply of visits to my slightly wacky and totally unorganized home; the luck to finally make it to a movie on time; the wholehearted hope that you will cease to drive when you reach the age 55 or before and my offhand but sincere friendship. To Dana, a cushion for all your future sleigh rides; enough money to keep your car out of the repair shop and the kind of Yuppie lifestyle we've dreamed about. To Catherine, — Steve, the best years of our life at UVa; the destruction of the redneck population in Franklin County and tons of leather products. To Anne Blanton, thanks for your patience in teaching us cheers. To Denise, our shared trauma of not reaching 5'1" before graduation and the hope that you never encounter another "war" book. To Cathie, a welcoming committee at every airport. To Amy, 101lbs. so the rest of us won't feel bad. To Jodi, a city full of golf courses and Bennetton shops. To Ronald, a year's supply of initiations (whatever it is they consist of). To the North Cross faculty, my appreciation for making me a better person and broadening my views

I, Richmond Andrew Wolf, being of sound mind and body, bestow Ralph's Guide to Women to Denise Daum; a membership to the Republican Club to Mr. Meagher and the Democratic Club to Mr. Cook. To Alexander Boone I leave a knife and fork to eat Hardie's biscuits. I leave a golden wire to Kent Fleming and I hope he uses it in

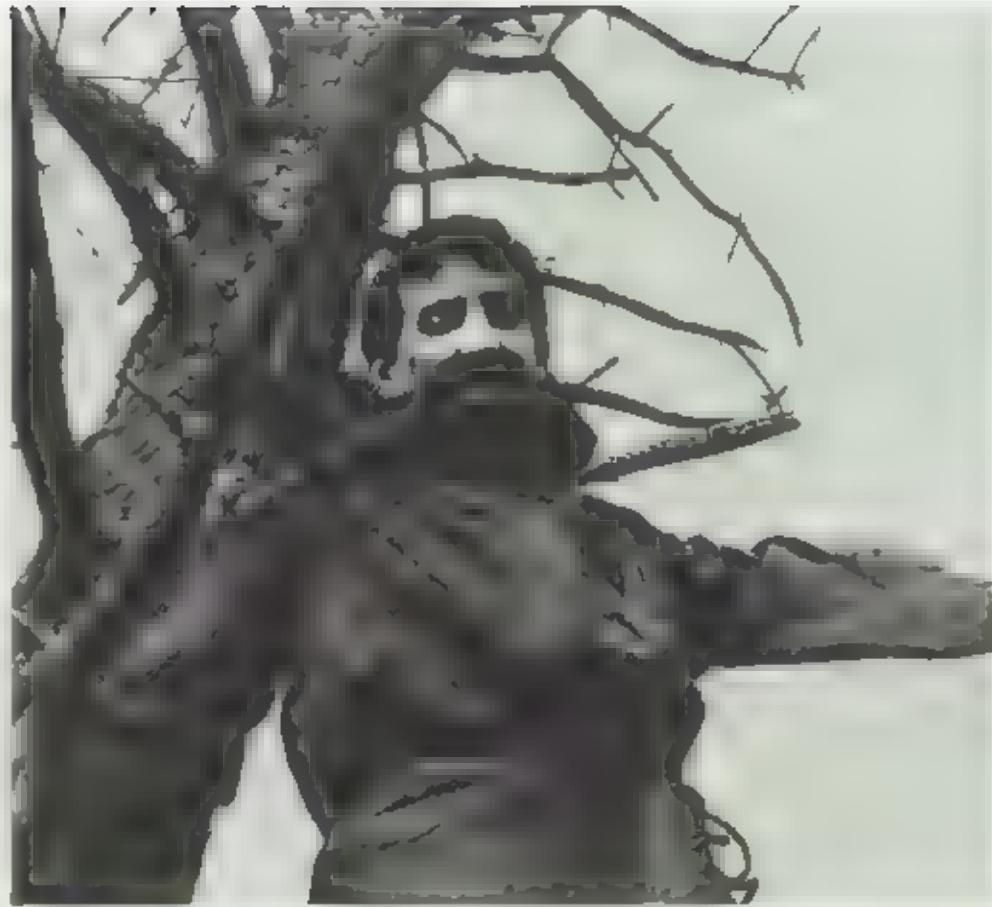

good health. I also leave a real man's set of clubs to Kevin Garbee and a swing as well.

I, Katie Standfield, being of sound mind and body, do hereby leave the following: To Anne Blanton, a place to stay for the night; to Cole, another long walk on the beach; to Mary Margaret, an invitation — only party; to Cameron, a new pair of leather gloves and a job with better hours; to Jules, a William Hurt for both of us; to Heather, a better parking place for your car; to Katie Teague, another positive so you can still be squared; to Marg, two more good years of basketball and softball and some quarters to play some games; to Krisun, a running partner to slow you down next year too . . . and to my friend who has always been there, thanks for your patience and understanding.

I, John Elwood Collier III, being hereby in total and absolutely complete perfection, regarded to and heretofore in summation, of sound mind as described by the complete and total absence of insanity

or other theretofore disabling ailments, and body which thereby cites great physical prowess and no presence of handicapation, do hereby and insofore leave all my stuff to the following personages: to Mr. Deltari, the mylar that got stuck in my pants. To Mrs. Cook, a rack to to Mr. Cook to To Sensei, a genetically altered Doberman that attacks "model" students like you-know-who upon uttering the phrase "that's not fair Mr. Sharp!"; a functioning makiwara for the North Cross Dojo and great appreciation, you will go far. To Towles, wipers for your headlights and a membership to the John Lewis Shaggy Hair Club. To Tim, some tranquilizers. To Caroline, a recording of my classy British accent "ay-wot! To Cameron, one last "John Buddy, what's up?" shouted from the top of the nearest mountain. To Parnell, a car that does warp 52. To Trip, an invulnerable tennis racket. To Catherine, well, I'll leave that up to Steve. To Christine -- a week of skiing in Switzerland and a turbo-charged 1988 Scirocco to take you

there. Plus an "A.P. Chemistry translator". To Steve, NPR at midnight an eight foot Bill the Cat doll; wintergreen lifesavers. Jim Morrison brought back to life and free repairs for your Mustang. Tell your Mom I said to get all of her _____ in a sock. To Mike, a lifetime supply of plain tacoshells; high potencyhotsauce from Chi Chi's and a collection of the world's weirdest poetry. To Todd, fencing lessons; freedom from your parents; a chess game in which I actually win and that someone special, whereever you may find her. To Cathie, great times; a dozen bright yellow carnations and my affection. From the immortal words that awe-inspiring philosopher Snoopy, COWABUN-GA!! Bill and Mare, prepare thyselfes!!!

I, Catherine Lesko, being of enlightened mind from thirteen years of North Cross, do hereby bequeath the following. To Paula, the "boy next door" and the perfect guy. To Christine, several pieces of small furry animals and a cooncow. To John C., an alarm clock. To M.A., "Hey Dude!", a Buki sled, customs and a week at RVHS. To Wray, a red Camaro and a pair of shades so we can be cool too! To John, and Richard, a fat Pringle; fourteen hungry ponies; a Maclay win and good luck at N.C. To Mrs. Fishwick, some big news on channel six and a trip to Rome. To Mr. Sharp, a giant fruit-fly. To the entire N.C. faculty, my sincere gratitude and respect. To the survival club, memories of thirteen years and to the Class of '88, the best of luck for the future. And to Steve, I leave 149 guilty pickles.

I, Ronald Murphy, being myself, leave the following to the following "Ego Tripper" C. Muscaro, the athletic ability you believe you possess. To Jay Robb, confidence in your limited skills. To Gordon, the ability to soar above the rim. To Kim B., M. Baucom's "big dog". To M. Baucom, math, physics, Spanish and English. To "Pretty Boy" Chad B., a mirror. To Michelle M., sunshine. To Jenny B., friendship. To Kristin H., money and food. To G. Prill, luck at keeping the steak alive. To Wes "Pearl", "Pudding Pop", "Pudge", "dumpling Zorn", dreams of Michigan football and all my old girlfriends. To Dustin F., a long relationship (3 days) Good Luck! To Eric W., a "quarter" and "Im-fart". To Maria "Dumbo" Lawrence, muddy water. To Denise and Al Boone, a senior lounge bed. To Quinn, knowledge that all my D.H. comments were only jokes. To Bonny, hugs. To Keena P., the look you always give me. To Greg T., my driving ability.

HOMECOMING WEEK

"HAVE YOU GOT THAT SPIRIT?"

— The viewpoint of a Bonfire Log.

Splintering with anticipation, I waited for the hall decorations to take their one day "spotlight."

Study hall and break were the mad dash periods of creative energy used to deck the halls with "boughs of spirit." And, of course, the "Superior Seniors who Support School Spirit" took the win with a sign of the before mentioned slogan. This had nothing to do with the fact that the judges were mostly seniors!

"Okay, only a few more hours 'till I get to shine. I only have to wait for the bikini-clad-beauties to don their jeans to come and watch me."

Beach Day The second event in a week of frolic Masks, fins, Wayfarers, beach towels, bikinis and jams promenaded down the dress code halls, laughing at the inability of frustrated Mr. Meagher to punish insubordination. The prize of most 'Beached Out' went to Bonny Branch.

"Yow, now it's my turn to shine! Heck! Yea! It's getting darker and bathing suits are being exchanged for wool sweaters. Coach Muscaro and Curt Mull, known for their morale raising speeches, make their appearances. The cheerleaders are getting momentum going. Now I get to strut

my stuff. I'm going to treat the Glenvar effigy just like the Raiders are going to treat the team . . . burn it!" "It's getting late and all the students are wandering around wondering if they should go home and complete their homework or make a night of it!!! The fire department is psyched so that they can dazzle the faculty with their anti-arson abilities — All went well and we are now just a black smoldering pile of ashes . . ."

"We notice all the students that drove by Friday morning are either wearing red or white shirts and jeans; it must be Spirit Day — Oh Boy! The football team is getting antsy waiting for the Big Game. All of their worries were put to rest as they competently beat Glenvar with a final score of 23-15."

Saturday evening finally arrived and the same people we had seen all week were now dressed up, ready to show their spirit as they voted for the Homecoming King and Queen."

The honors went to Ronald Murphy as King and Robin Cunningham as our Queen. This was the first Homecoming Court ever; much acclaim was given by students and faculty alike.

"We heard the band, Third Degree, play-

ing 'steadily' with people dancing the night away." I was amazed at how long everyone stayed at the dance (probably due to people needing to stay until the court was fully chosen!).

"This year's Homecoming Week melted previous attempts at first class spirit raising. We can't wait until next year when our brethren (more railroad ties) come together on this hallowed spot and dazzle N.C.S. again in 1988."

WHAT'S UP IN THE MIDDLE SCHOOL

The Middle School, the Middle School . . . so close yet so far away from the Upper School. But that's O.K.! The Middle School is unique in its own special way. The '87-'88 school year was filled with all sorts of fun and exciting things, along with a tuff work schedule for these three grades. To name some of the group activities that the Middle School participated in outside of class would be the celebration of the Constitution's birthday, dances and the roller skating party. Everyone's favorite? The skating party was at the top of their list. One eighth grader commented that she hadn't been roller skating in 2 years and that it was really neat to do it again.

When they were in the Lower School, they worked hard to

move up to the Middle School. Now that they are in the Middle School, they have to work hard to move up to the Upper School. The majority of the students say that they will really miss the Middle School when they "move out." It's kind of special because they are right in the middle of life at North Cross. And how about their classes? The sixth and seventh grades agree that English or math are probably their favorite ones. The eighth graders who started Latin in September, seem to really be enjoying their new language.

All in all, the three grades that make up the Middle School have learned a lot this year but at the same time, they have had lots of fun. Being in the middle isn't so bad after all, is it?

(above) Wake up Jorge. The string goes under the chin. (below) "Ahhh," another fine morning for Gordon Winn.

WAKE UP . . .

(above) Another morning, another trip thru the ringer — and the senior lounge is locked again.

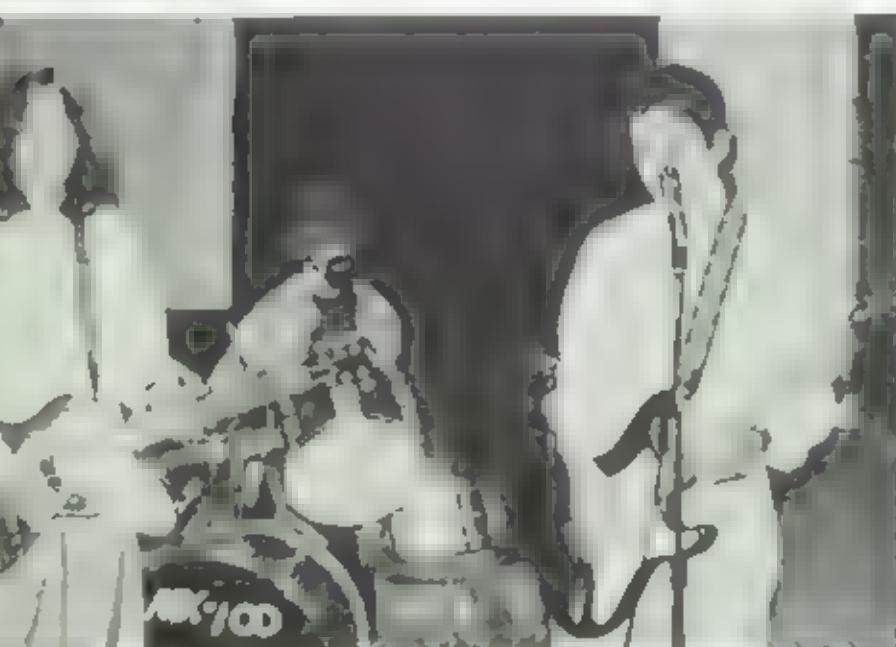

AND PARTY

Twilight on the outskirts of the beautiful city of Roanoke

STUDENT LIFE . . . BEYOND SCHOOL

The clock radio comes on at 7:00, blaring in North Cross students ears, and resulting in our interesting choice of mono-syllabic words. A protesting hand falls on the insensitive contraption, and a deep, unhappy sigh escaped from the prostrate student. Ten minutes later, this same student previously arisen as a groaning, eye-rubbing, zombie, is a fully energized N.C. Party Animal, li-

censed to do anything the mind creates. As each member of the Upper School family arises, the search begins for the house-with-out-of-town parents, PARTY PARADISE!!

No one is really sure of the exact hours when the antics of the Upper School students begin, or end for that matter. It is a proven fact that the North Cross life is a wild one.

"Hey guys, what are you looking at?" — Grayson Prillaman and Dutch Muscaro seem to be staring at something very intently

A SCHOLARLY TOUCH

(above) Elizabeth Ewers and Nicole Hall count cans for the Thanksgiving can drive.

North Cross Academics Have A Lot of Class

Academics are North Cross's strongest points. Students have a great opportunity to learn because of the true individual attention they receive from a superior faculty. The faculty is there to advise juniors and seniors with their research papers, and help the upperclass men by giving SAT reviews in vocabulary and math. Mr. Hudnall and the Writing Center are always ready to help the seniors with their college applications.

For the entire body of the Upper School, there are many clubs to join. These clubs are active with trips, movies and various other plans. The French, Spanish and National Honor Societies also recognize the students' achievements.

The Middle School is very involved in many competitions. The seventh and eighth grades practice at school for the Math Counts contest in which they have been very successful in the past. Middle schoolers also take part in Odyssey of the

Mind

In the Lower School, classes study a topic and then take a field trip. The fourth grade studies Virginia history and then makes a scrapbook. They also visit V.M.I., Monticello, and other historical sites. The Lower School has also put together its own publication of stories and poems called "The Little Raider."

A North Cross student has the opportunity to participate in educational activities outside the class room. These clubs, field trips, and research papers help a student as they get older and move towards graduation. These advantages keep academics, students, and faculty, North Cross's strong points.

(above) "I am going to build skyscrapers when I grow up," Zachary Rosenoff tells us.

BELIEVE IT OR NOT . . . A LITTLE MORE CLASS.

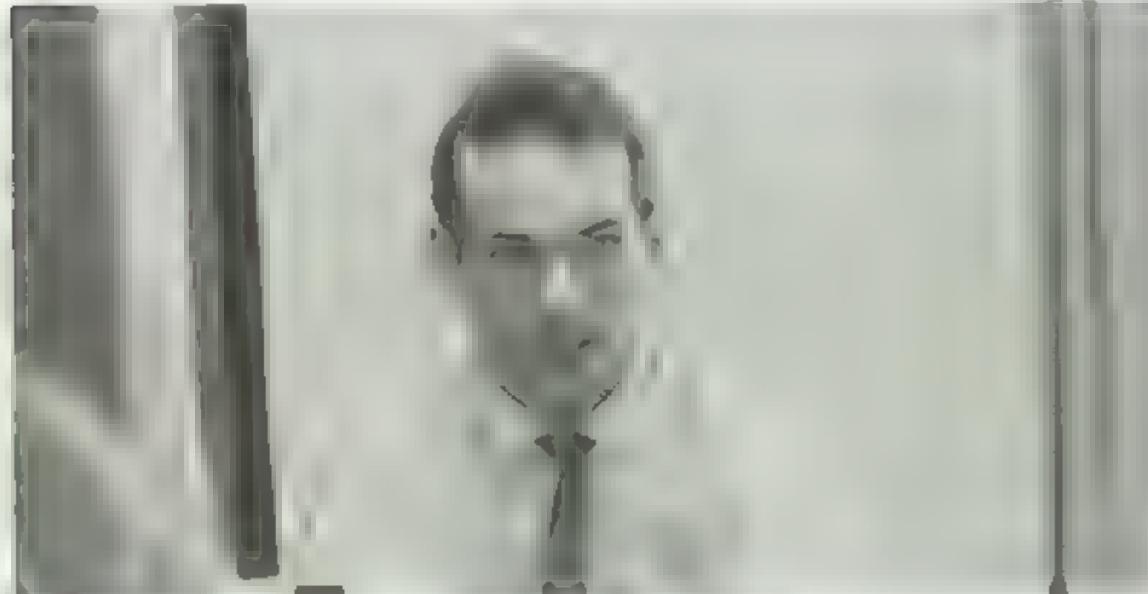

North Cross welcomed several new additions to its faculty and curriculum this year. Dr. Maycock taught a new Advanced Placement Chemistry class, which was often found engaged in interesting experiments, using lots of test tubes and strange ideas. Many students were found once, in the hall, bouncing quarters, and another time, pendants were found swinging from the ceiling in the senior lounge for one of Doc's assignments. The English Department developed a new tenth grade English course, covering a wide range of American and European literature. Apparently, some interesting journals were developed from these books. The Humanities, taught by Dr Noffsinger, Mrs. Johnson and Mrs Fishwick, combined art, culture and philosophy into an interesting class often found wandering about the halls, and once was discovered in a lower school classroom, engaged deep in the discussion. The Humanities class also had a great experience this year, painting the mural for the Upper School building, and preparing for the festivities at its completion. The class had received a grant from the Virginia Commission for the Arts to design and construct the mural and activities, and the entire class was excited about their project.

In addition, four new faculty members joined the staff this year. The Language Department began the year with a native

Cuban, Nancy Haig, to teach French and Spanish. She had to move, however, before the end of the first semester. Mrs. Sydney Nordt, who has been teaching lower school Spanish, enthusiastically accepted the responsibility of the third year Spanish class. Mr. Randy Sibly joined the French students for classes. Last year, Mr. Sibly worked at Salem High School with the Homebound program, designed for students with emotional problems, who cannot attend regular classes. His classes seem to reflect this concern he has for his students, and we are glad to have him with us.

Mrs. Linda Houston joined as a library assistant this year, in Mrs. Maycock's place. She enjoys her new job, and could often be found fiddling with the computer and sneaking about among the shelves. Mrs. Houston has two daughters, Heather and Laura, attending North Cross.

Mr. Alan Klink burst his way into the spirit of North Cross this year, all smiles. He came as a part-time science teacher and assistant coach to the football team. Just graduated from VA Tech last spring, he seemed to know that classes need to be interesting. His students seemed to enjoy his classes, and everybody had fun the Friday before Halloween, when Mr. Klink came to school dressed as Zorro. We hope to see him next year, too, with all his enthusiasm.

Mr. Klink explains a difficult science lab to his Freshman students.

Eric Walker and Scott Austin talk during Tenth Grade English

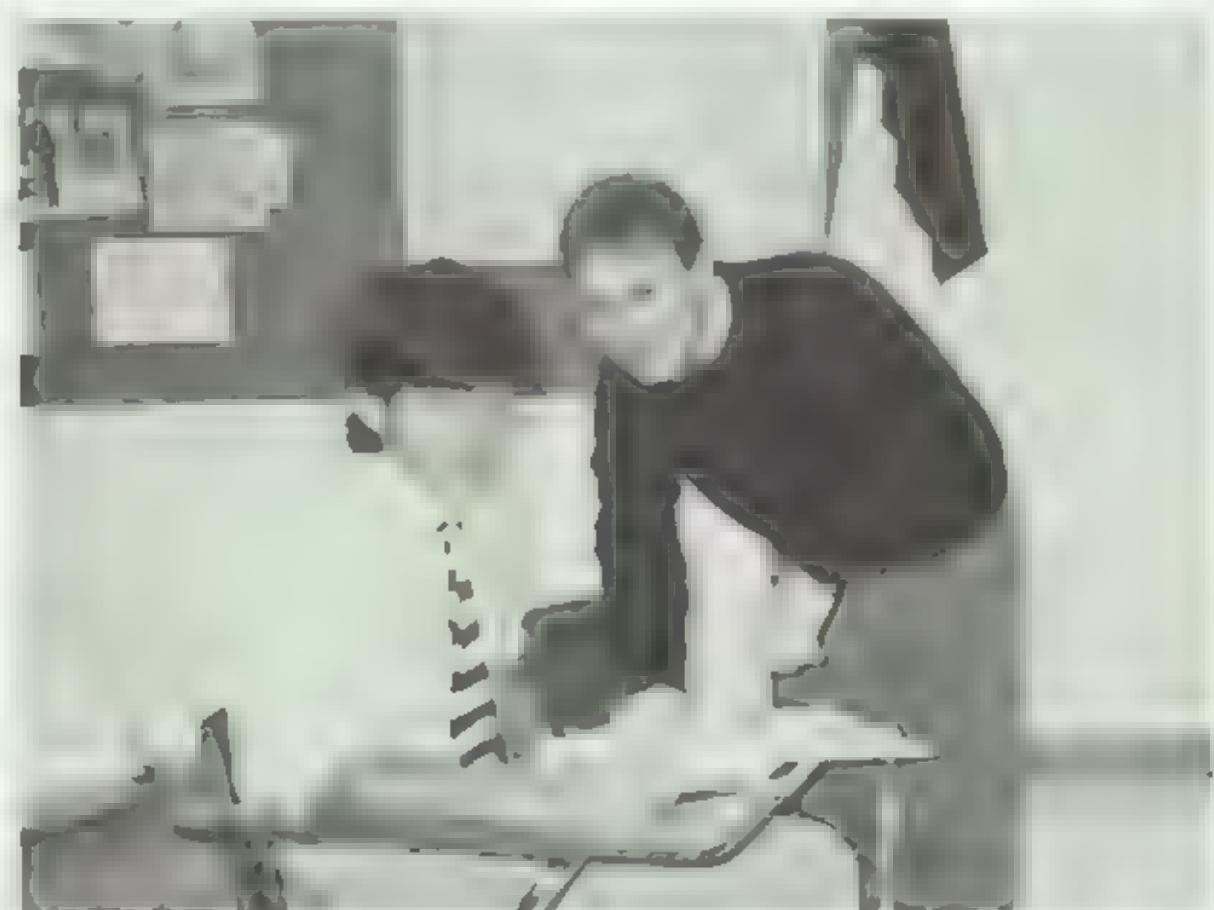

Seniors, Amy Kirk and Denise Daum, try to figure out an A. Chemistry Lab.

Mrs. Houston enjoys her work in the Library.

Mrs. Nordt enjoys her coffee while relaxing during her free period.

Mr. Sibbly explains French homework to Junior Chris Muscaro.

Christine Kemper and Mrs. Fishwick listen carefully to an Art seminar in Slack Hall.

Mr. Klink shows his Halloween spirit with his Zorro costume.

GIVE THOSE PEOPLE A HAND!

Okay, Cary. Let's try this again. Two plus three equals five . . . — Cary Kelly gets help from Robin Cunningham in the Triangle

THE TRIANGLE AND WRITING CENTER

Both the Triangle and the Writing Center began their second year at North Cross this fall, catering to the frustrations of frenzied students.

The Writing Center, there for help on reports, college essays, articles, and anything else of the pen, got a lot of support this year from the Yearbook and Newsletter staff. Mrs. Shaver wished the Writing Center could have been open seventh period this fall, mainly for the articles that came bouncing into her Advanced Composition class then. The Writing Center has also proven useful to students with poems and writer's block. Fourth period became a popular time last fall to entertain the mind with deep discussions between Mrs. Shaver and Mrs. Fishwick swaying to the soundtrack of *Dirty Dancing*.

The Triangle welcomes back four veterans from last year's team and nine new members. They worked continually throughout the day, to keep someone ready when a student needed help. There seemed to be some trouble at the start,

between Richie Wolf and Maria Lawrence on who would stay that period on each day, and lunch and seventh period jostled its members with the Yearbook staff duties. They managed to straighten things out soon enough though.

Caroline Brand, the Triangle's chairman this year, did a good job training the new members and preparing Gordon Winn and Maria Lawrence for their return next fall. Though the Triangle seemed to have lost its novelty, things went fairly well. People still turned to the comfortable couches to beat out their frustrations and look at the math problems from a new angle, upside down, with feet over the back of the chair.

(left) Mrs. Shaver looks for unique phrasing, while Christine plots out murder in the Writing Center. (right) Mrs. Shaver smiles at the creative efforts of one of the students.

A TOUCH OF LEADERSHIP

North Cross has pulled its honor code across the bottom of test papers and reports for years. It hangs in every classroom and the seniors can write it with their eyes closed. The Honor Council, representing the honor code, stands behind it each year, full of new and old members from each class. Fortunately, the year has not been interrupted too often by silent excusing of these selected Honor Council from English classes, and government notes. The code seems to be holding up well, and the council has done a fair job under this year's president, Katie Stanfield.

The S.C.A. also charged into a good new year under president Richie Wolf. Starting in with new ideas even before the first bell rang, or before the summer paint jobs were completed. Richie and the other officers have pulled the school through their used book sale, a successful Evaluation Day, and the re-establishment of Barret Day, now named Liberty Day. The S.C.A. has organized dances and made possible the presence of an S.C.A. member at all the faculty meetings. Alongside all this, were plots of useful ways to spend S.C.A. funds, one idea of which was a raffle where students were awarded tickets for outstanding measures and actions. Whatever the use, the Student Council has certainly met success and made a lot of headway this year. Richie, I think, is even brainstorming for years to come.

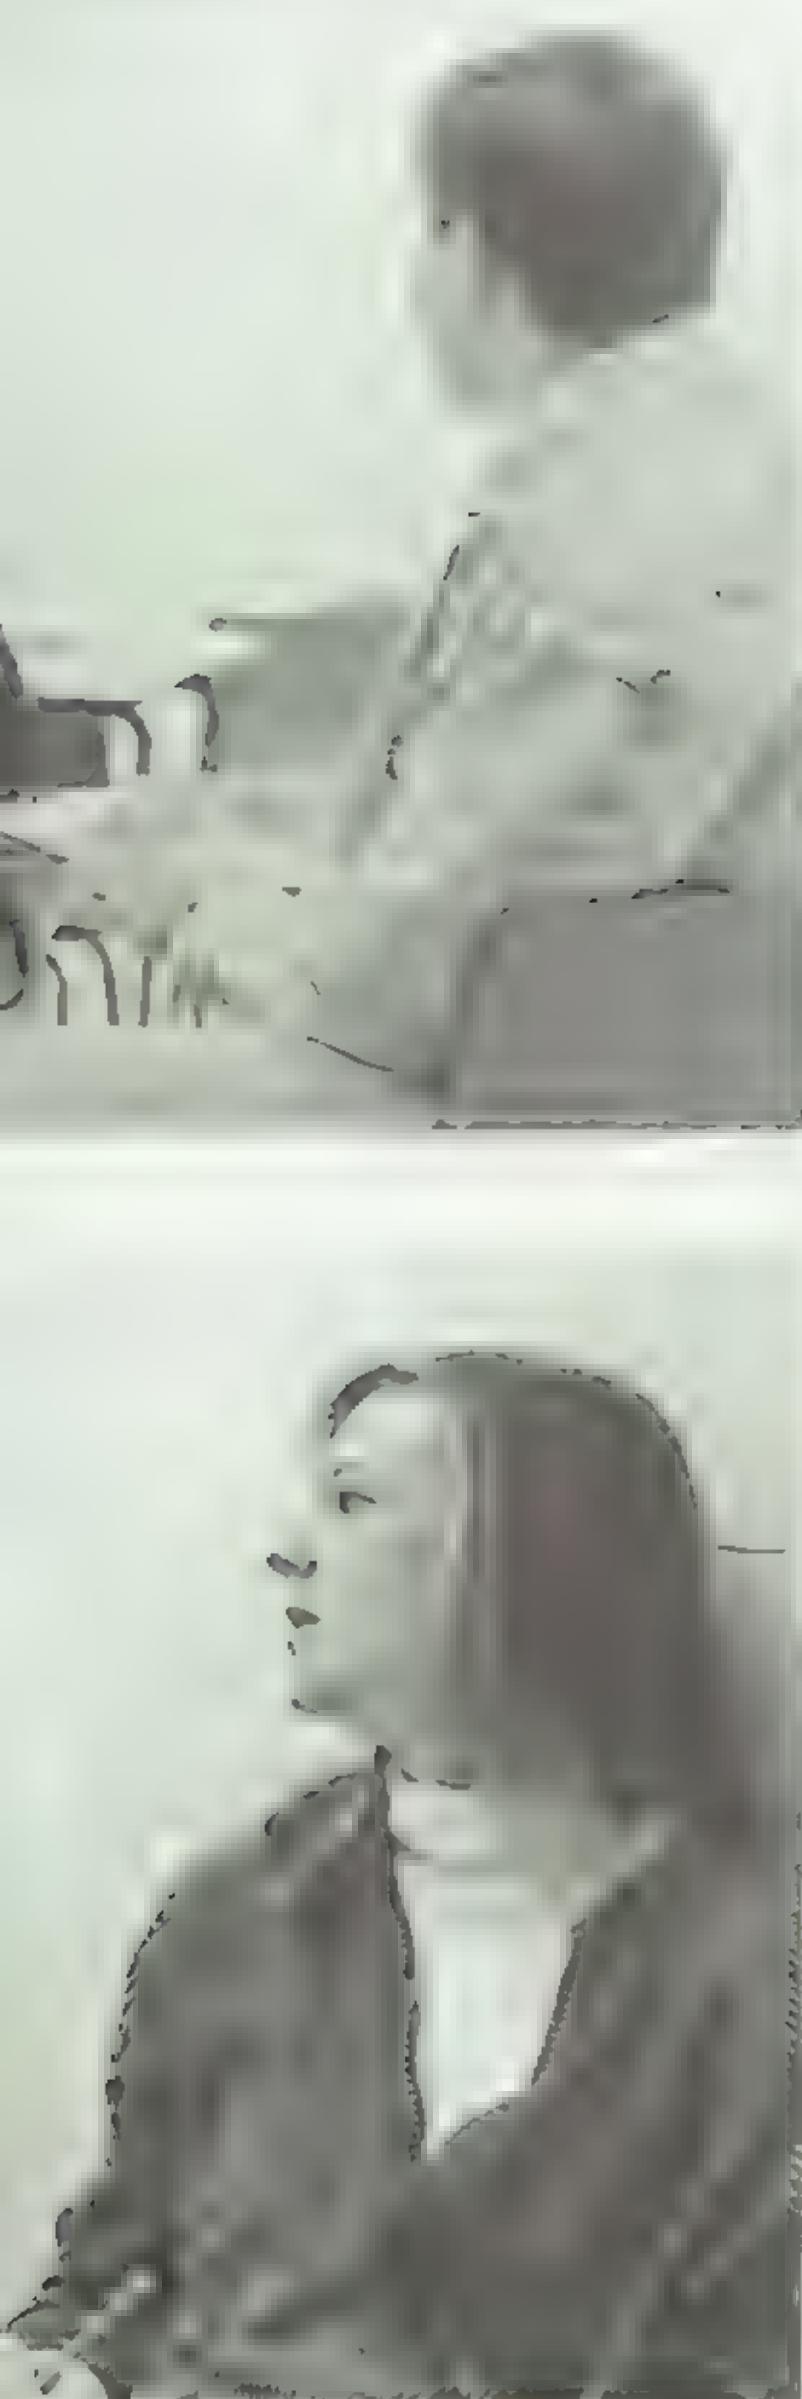

Are you serious? — Anne and Richie look skeptical at an S.C.A. meeting.

Future Congressman Richmond Wolf meets Congressman Olin.

LEADERSHIP CONFERENCE AND LIBERTY DAY

It was a pleasant September morning that I awoke to face the responsibility of attending the annual leadership conference along with other such prominent students and faculty, so kindly hosted by Caroline Brand. Like birds we flocked together into the Brands' glamorous living room, and I thought that possibly the feeling I was experiencing was something like that of any distinguished political figure as he gathers with his associates for a congressional meeting. After taking orders for lunch, our session ascended as we discussed such consequential issues as prom and what to do with the abundance of S.C.A. money we possessed. Amidst various opinions, one suggestion we at last confirmed on was to for the first time in North Cross history to vote for a Homecoming court to parade at the dance. Though I was not there, I have been told that Robin and Ronald greatly resembled Charles and Diana as they danced under the spotlight.

Lunch soon arrived to relieve us from our tired minds and mouths, but soon enough we resumed our evaluation outside by the pool. The topic of Barret Day dominated the last half of the discussion. After long and grueling questioning and contemplation, it was decided that Barret Day would indeed take place. After deciding this, Barret Day was renamed Liberty Day, from choices such as Wonson Day, Holly Day, Bert Day, and Slack Day.

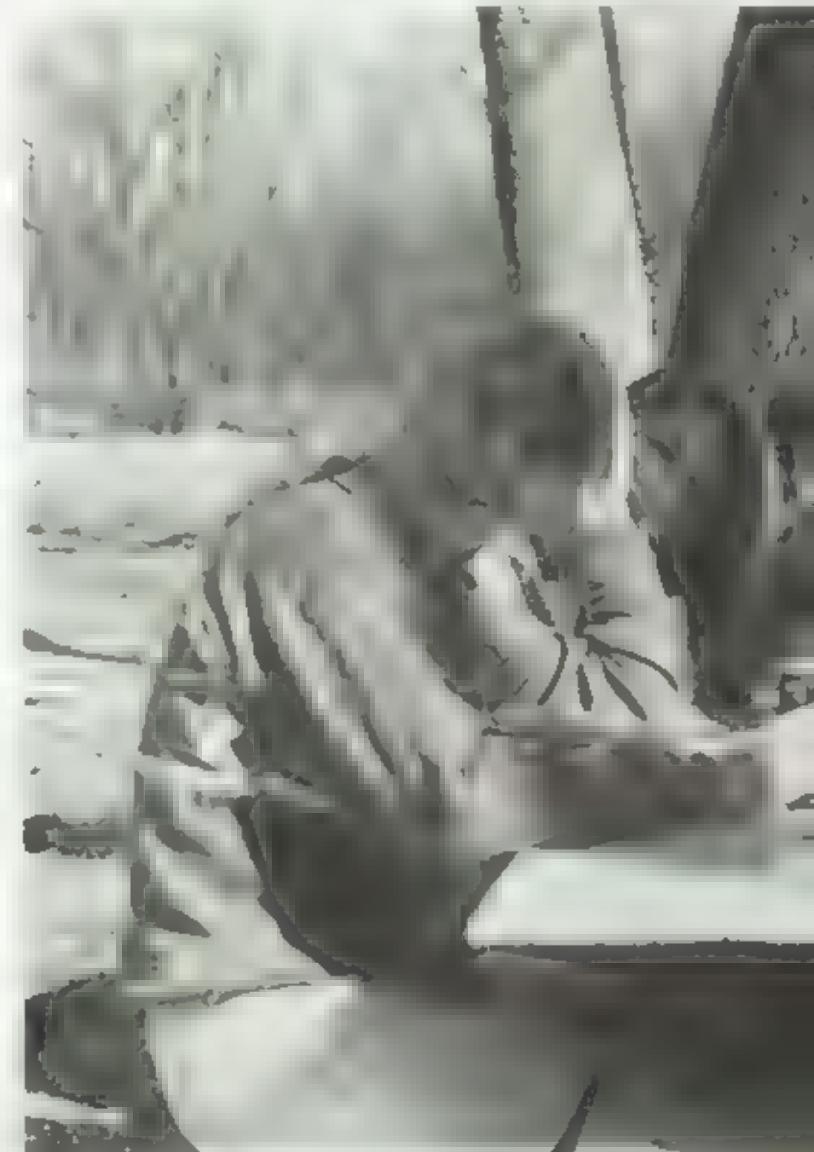

The S.C.A. spent the next few weeks doing hard labor to arrange excursions for Liberty Day such as hikes up the

Peaks of Otter, Jefferson National Park, and visits to the Virginia Tech Geological Museum or Dixie Caverns.

I myself, signed up and indeed did hike the infamous trail to Dragon's Tooth. After I arrived at the bus completely healthy and uninjured, I figured that if I had survived, all must have gone well. So it seemed until I was informed of the tragedy that Senor and his group experienced. Upon the last mile until arriving at the Peaks of Otter — "It was overheating, and I knew I could push it further, but the inside of the van was beginning to smell like rubber and all of a sudden, KABOOM! Antifreeze all over the windshield — I wanted to cry, but I couldn't disappoint the students, so I blamed it on Richie for picking such a wretchedly cold and icy day." Despite the accident, their hike did take place, and in general, all went well.

Quinn's eternal boredom looks ready to hit Marge and her eternal wisdom, at the leadership conference.

(left to right) Gerri Stultz, Katherine Hood, Ruth Daniel, Lisa Deyerle, Misty Fowler, and Amy Morrison enjoy the lunch at Dixie Caverns.

(above) Is leadership that comfortable, Katie? (right) You like? — Chris and Toni try on hats at Dixie Caverns.

(above) You think it's the what? Hey, is that someone's lunch down in there? Senor Maisch and the exploded engine on the way to the Peaks of Otter.

CLASSIC ACTIVITIES: LOWER and MIDDLE SCHOOL

The Lower and Middle School at North Cross have started and participated in various exciting activities to add spice to school life. These activities built up the students' enthusiasm for their school, and they gave the students a break from their hard working schedules.

The Lower Schoolers have taken off on many excursions relating to their school studies. The Kindergarteners visited Jamison's Farm for a day. The annual second grade overnight trip to Williamsburg also took place this year. The third graders bounded off to Natural Bridge while the fourth grade took off to Monticello, Ash Lawn, and VMI. The members of the fifth grade made an overnight visit to Baltimore, Maryland.

When these students finally got back into the swing of schoolwork, they were ready to start another activity. Eventually they decided to start a creative writing booklet displaying chosen stories and poems written exclusively by Lower School students. There was a contest to decide the title of the book. Each Lower School classroom submitted their choice for the title. "The Little Raver" was chosen. Mrs. Tower, a Lower School teacher, coordinated the project. Each story or poem was illustrated by the writer, and the book's cover was designed by the fifth graders. The end result pleased the students, teachers, and parents.

The Middle School has also participated in multiple events. The eighth grade took a trip to Washington, D.C. The Middle School S.C.A. has played an important part in making

a large majority of these activities occur. It sponsored a wrapping paper sale to raise money to improve their Middle School grounds and facilities. Some of the proceeds were also contributed to the school's scholarship fund. The S.C.A. sponsored three dances and such community services as a Thanksgiving food drive and Toys for Tots at Christmas.

The Middle School also competed in the National Mathcounts Competition. The contest was sponsored by the American Society of Professional Engineers, NASA, and others. North Cross had a team of four members and two alternates who studied together for one hundred to two-hundred hours in preparation for the regional competition. The North Cross teams in 1986 and 1987 won the regional competitions and went on to the state competitions. The 1988 team was chosen on February 1, as a result of the school competition. Mrs. McGhee, their coach, was extremely proud of her team. She believes that

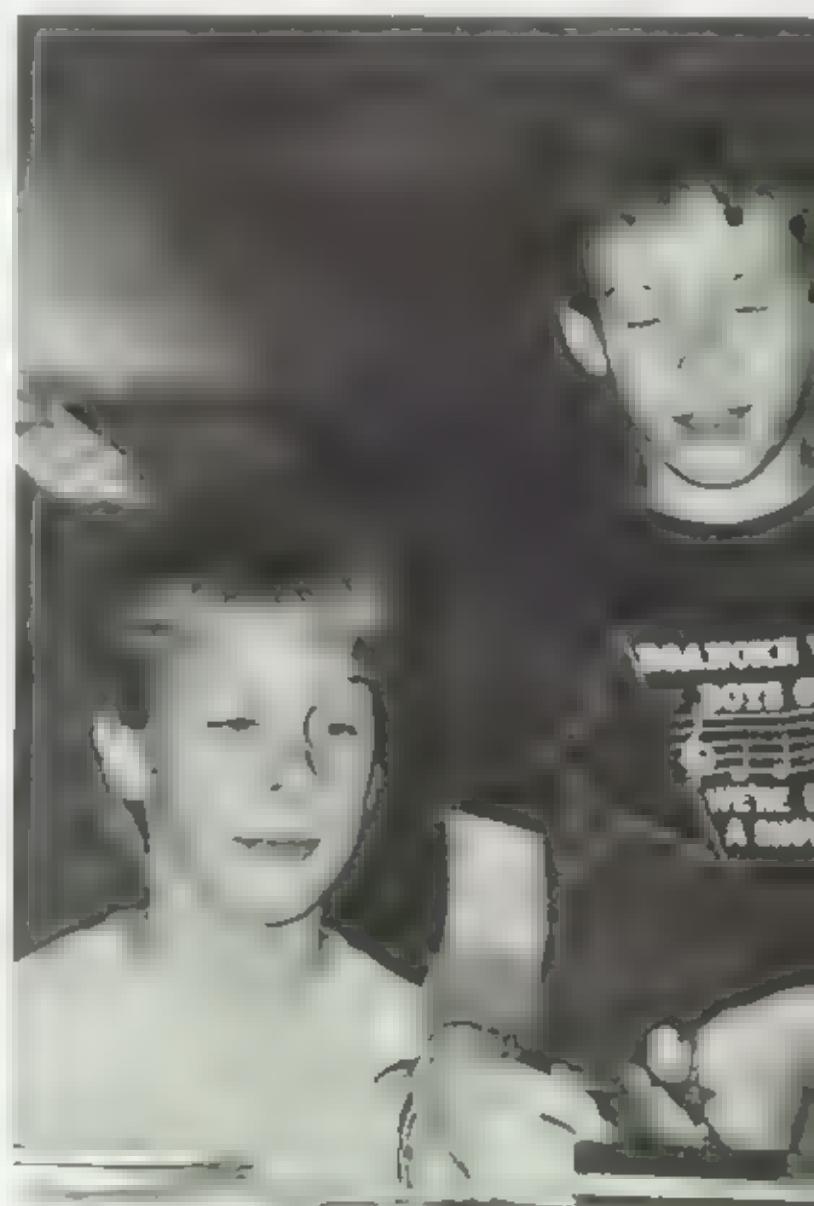

"There is not an athletic team at North Cross that works any harder," and "People learn so much as a result of just trying out for the team."

Along with Mathcounts, the Middle School participated in Odyssey of the Mind, a competition in creative problem solving. The team members met daily to prepare for the big competition day, March 12.

The largest part that these competitions played was in uniting the children and letting them feel the success of teamwork.

PUBLICATIONS: A TOUCH OF CLASS

The Newsletter and Yearbook staff, this year, combined into one hard-working group, with everyone taking pictures, writing articles, and fighting over the grease pencils. The quality of the photographs this year improved and the layout and production of the yearbook as a whole, has changed and been much better. Quinn Feldmann and David Faddis, the yearbook and photography editors, have made sure that hectic classtime and long afternoons and Saturdays were more productive. Richie Wolf and Brady Lee also did a good job recruiting writers for the Scarlet Letter.

The yearbook this year was divided into four sections, each with its own staff and editor. These section editors were Julie Lawrence — Class Pictures, Cathie Rice — Academics, Steve Michener — Student Life and Alison Nordt — Sports. They all went crazy pushing their staffs for deadline, negatives, and articles, but saw the yearbook to a successful completion.

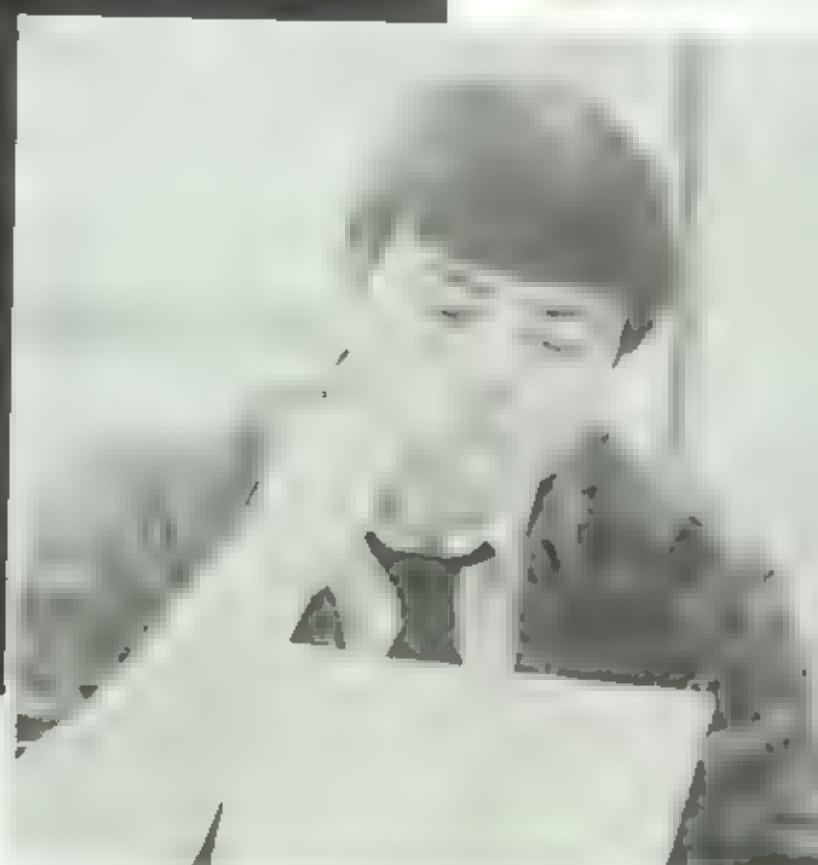

The Calliope staff, too, decided to make some changes this year. They jugged

thoughts about negative space, glossy sheen, glossy pages, and dimensions. The three editors, Ashley Waldvogel and Katie Teague, literary editors, and Christine Kemper, art editor, attacked their job with enthusiasm. They traveled to the middle school carrying news about a poetry contest, gathered and selected material. They then sent the rest of the staff to the typewriters and in search of art pieces.

Both staffs quickly discovered the school is definitely lacking in typewriters, grease pencils and rulers, but they kept on and pulled through.

Calliope Staff. CLASSIC CLUBS

The Science Club got this year off to a quick start by introducing a food drive to raise money for their annual trip. They planned to go to New York, with prospects of visiting the American Museum of Natural History and the DNA Learning Center at the Cold Spring Harbor Laboratory, and maybe see a Broadway show. Though the food drive did not go as well as expected, the group still had high hopes for a terrific trip, despite the cold. The club also hoped to separate the dedicated science club goers from the ones who just like to jump the lunch line, by inviting many speakers and planning other enjoyable but time consuming activities. Their highest goal was to successfully organize North Cross' first Science Fair sometime late winter. With the interest that seemed to be shown in the science departments this year, we are confident that that turned out as planned.

The Computer Club, again this year, worked fervently to buy new equipment for the computer center. In the past, the club has raised nearly one thousand dollars, yearly. This year they made efforts enough to buy another P.C. Junior. They sold candy and drinks at the basketball and football games again, making quite a lot off the cheerleaders, it seemed.

Both the Latin and French Clubs were a little slow in getting themselves together this fall. The Latin Club activities consisted mainly of entertainment (and of course a little learning too), watching movies. The club maintains its favorites to be the game shows and soap operas they watched during break and lunch.

Tim Lipton, Greg Tune, Allison Nordt, and Tarun Patel examine the box of candy they were selling for the Science Club.

Catherine, did the popcorn taste that bad? Dana and Buffy look on interestedly.

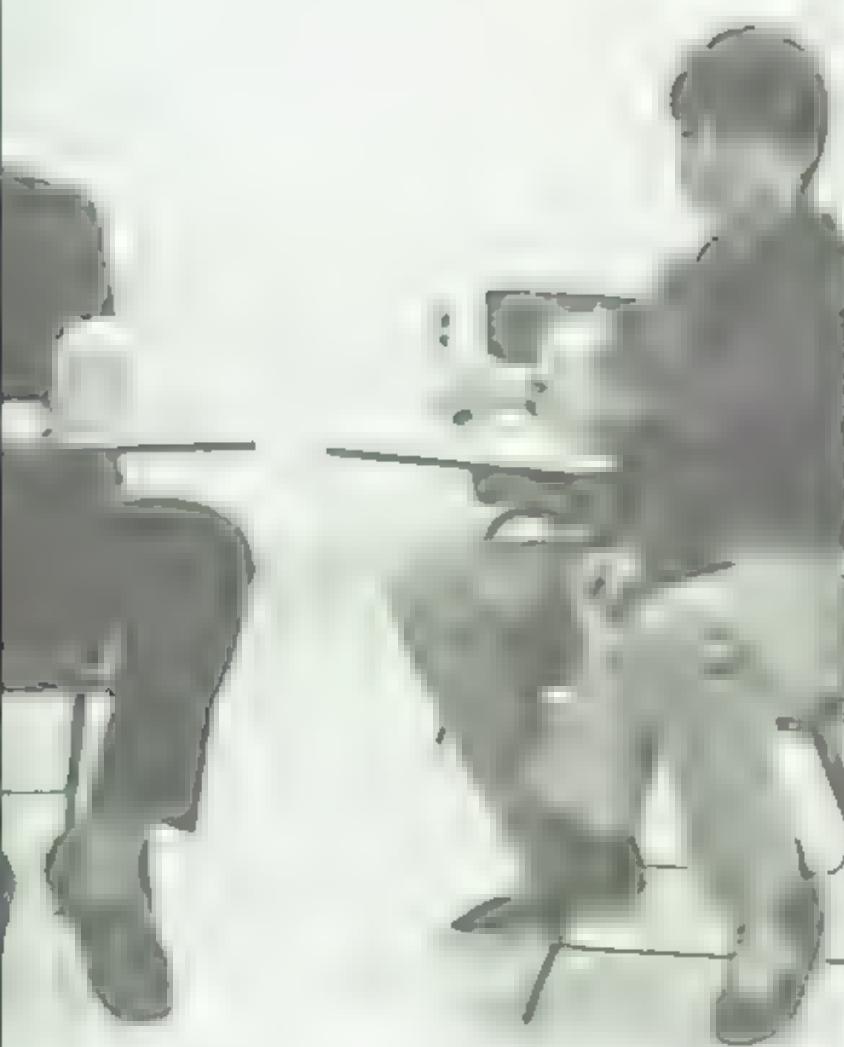

Fred Koots, Steve Mull, and Luke Fannin all look so thrilled about the lunch they're eating.

SECRETS FROM BETWEEN THE PAGES

Some do it only when: it is dark outside, light outside, in school, after 8:00 p.m. or before or after their T.V. show. What else could it be but S-T-U-D-Y-I-N-G. Studying is a topic that has always managed to change anyone's attitude or voice to a depressed slur when the word is even mentioned. Why is this? Maybe it is because people are not tackling exciting study methods. Although studying is done to accomplish the same goal for everyone, there are tons of unique study paths. Studying can be fun, so if you are bored with the same 'ole study routine, listen up! To reveal to you some astonishing study secrets, I have pried open the mouths of North Cross students.

Christine Kemper — "How do I study? Well, I never even touch my books before 5:00 in the afternoon. I always be on my bed in my room and listen to Pink Floyd. Study breaks are also very important, usually after every half hour."

Ronald Murphy — "As soon as I get home I take all of my books out of my bookbag and look at them. Then I see what I have to do. Procrastination is employed when ever possible. If I do study at home it is never before 11:00 p.m. or without T.V."

Nellie Showalter — "I don't study."

Heather Haddan — "When I study, my floor in my room is my desk. I hate my desk so I spread everything on the floor. As far as music goes, the louder the better because the more the distraction the harder I have to concentrate."

Steve Mash Mash — "I am sort of like 'Mr. Rogers'. As soon as I get home I put on my faded jeans and my sneakers. Then I go to the bathroom to make sure I'm emptied out before I get into anything important. Then I do all of my studying on my head."

Richmond Wolf — "I do almost all of my studying in this wonderful school facility."

Jodi Ernest — "I study on the floor with a blanket and a pillow. I can't stand sitting so I always have the radio on, low. I always quench my thirst with an icy glass of apple juice."

Jorge Roman — "I never study in my room, always in my parent's study. Although I don't even think about studying until I have taken a 'power' nap, eaten dinner, and taken a shower."

Katze Teague — "Violets are red, homework is blue, so I sit on the floor and I feel that way too. I turn on the music to THE HEARTS OF SPACE, and open the books to lose my face."

Seek '88 — "I study in my boxers while jammin' RUN D.M.C."

Kerri Shinn and Katie Laughon work hard to finish their English Test.

"Inseparable!!!" Nicole Woo and Ashley Waldvogel

CREATIVE TOUCH

SAGA

in brackish seas
they swam
— mutual ancestors
some chose
to leave
the known
the constant rush and pound,
to breathe air
while misshapen gills
flapped in painful rasps.
some,
realizing the goals
of daring pioneers,
crawled back
into the womb.
They wander in darkest murk,
stir silt in a slow forceful dance,
and they sing
so full of sorrow
and wisdom
land-dwellers can only wonder.

Christine Kemper

SPECIAL RELATIVITY

Einstein
everyone's favorite uncle,
says there's no such thing
as here
or there
because everything
is now
and won't be that way
later.

Concis
explained our missed connections
in words that don't exist
because everyone
believes the
impossible.

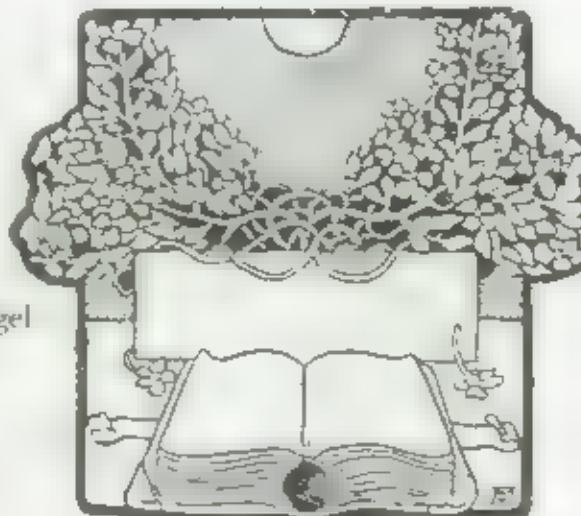

I
watch you
spinning
a thousand times around the sun,
but midnight never comes
and my eyes
can't discern
a solid image.

Ashley Waldvogel

DOWNTOWN

Why is the business division of a city, where bums and bag ladies live and loiter, and the sidewalks have cold cement blocks in neverending squares, called "downtown"? Is the land in that area just lower than the rest, or is the next just too high for that area? And while we're on the subject, who decides if the valleys are too low, or the mountains too high? Where does lower and higher start and who makes all these justifications and decides all the answers? Does God? Did he tell Noah? And, by the way, if Noah was white, where did Michael Jackson come from? Did he emerge from a Milky Way bar or from water-logged dead leaves? But what if Noah was black? Then how did all our presidents end up white? And who decides who should be president and who should not? Oh, of course, the people decide, or do they really, and if they do, who decided that the people decide who to decide for president? The world is a twisted devious, tampered with place that has hurricanes, rats, and mincemeat pies. But every world has many countries, and every city has at least one "downtown", which is the business division of town, where the bums and bag ladies live and loiter, and the sidewalks have cold cement blocks in neverending squares.

Cameron Cullop

DIALOGUE: I

Man: What a great pleasure to behold your presence once again my friend. It does seem that time has grown quite large between our meetings.

Friend: Grown from seconds to years like infant to adult. Yes, I would say it has been a few years since our paths last crossed.

Man: This is true, but I prefer to say that it has been minutes since I last saw my friend. Such words soothe the mind, for years would seem like crossing a sea whereas minutes would be like crossing a creek, and still these words are truthful for is a year not composed of minutes?

Friend: Seconds at that, but what a clever message to convey and one that the mind needs to be fed. I thank you for sharing this secret with me.

Man: But it really is not a secret at all, just merely a conversation I find myself having with friends and not just any passing acquaintance

(continued)
Katie Teague

detalubobmocsID

Woke up in the afternoon
Poetry blasting my mind,
All sorts of jumbled thoughts
Running aimlessly looking for issues,
Feel like the Democratic party
Don't know exactly why,
Can't think straight in this maze
Gotta breathe the fresh smog outside
Mr. Finger Lickin' selling fried chicken,
Yeah, So what!
Makin' money the old fashioned way, We'll be
rich in ten billion days!
Writing down ideas supposedly constructive,
Hey! At least they aren't destructive.
Thousand of preachers pounding
Messages of morality and money.
Don't know which way to turn,
Cause left is right and right is wrong.
Falling up on the ceiling,
With no gravity pulling down.
Maybe tomorrow things will be better.
My head a little clearer,
So let's brush our teeth
And go to bed.

Mike Brenner

Bedtime

I sit in the corner of this house
closed in the night's gilded ardor
I listen to the trees cry
for the warm milk of summer.
I scratch my fingers, my paper
my head, searching
for some formula to give me
three more hours before sleep
The world is there, watching me
Here inside my false illumination,
waiting
expecting,
but it's bedtime.
In this thick silence
my cats curl at the window,
resting
in the stars' tranquility.
I can feel the world's gaze
over my shoulder
but I can't see it anymore.
I cannot see the stars for the world
Bedtime is still a definition
of lost experience, and my cats
are much too wise.

Cathie Rice

CAN YOU IMAGINE US

...

Sitting thru 12 classes
in a tangle of
dusty jeeps and 280-Z's
we rolled by weekends
stalling at the intersections,
waiting for someone else
to make the light red.
Now we stand idle
like lazy crows
on rusty barb-wire fences
wary to fly across.
There were no season overlaps,
just ceaseless roller coaster rides
looping over scowling football games
through tunnels
of grown out hair and graded tears.
The nights
blew winds of smoky concertis
and sticky basements
Until at last . . .
dark mornings alone in the park
were enough to settle stomachs
already sick
for the places we were begging to leave.

The Talking Corn

One day a man was harvesting corn. The corn started talking and popping. The man was so scared that he jumped out of his pants. The corn said, "What's the rush?" The man went to tell his wife when the road said "Don't step so fast. And he can't get out of his seat. When the man reached the tree and he ate seed. Get some," the man jumped out of his underwear.

When he got to a friend's house his friend's wife started calling him a stripper, and she started throwing popcorn at him. When he got to his house his wife got him some clothes and he told her the whole story. She cooked some popcorn for him to eat and when he was about to eat it, it said, "Haven't I seen you before?"

NORTH CROSS GETS A LITTLE BRIGHTER, A LITTLE MORE ARTISTIC

North Cross students started a new Art Club this year with several goals in mind. They wanted to help with the exhibits in the North Cross Gallery, and organizing the receptions for them. They also visited various art museums and shows, including the Georgia O'Keeffe exhibit in Washington, D.C. These art goers also helped the Humanities class with their festival, preparing banners and other decorations.

The Humanities class, hoping to brighten the empty walls of the Upper School, applied to the Virginia Commission for the Arts for a grant of \$300 to paint a large mural, and hold a school-wide celebration at its completion. The class was awarded this grant, and quickly started work on the design for the great

painting. After some crazy but enthusiastic efforts, the class brought the project to a successful conclusion and celebrated with festivities.

Murals seemed to be a popular thing this year, as the Writer's Workshop Class decided they, too, would decorate walls. They set to work on three paintings for the study hall room, and were thanked often by those condemned to the windowless room.

The Lower School started its own creative project this year, publishing *The Link Reader*, a magazine of lower school students' work. Two pieces from this delightful book have been included here with other high school works.

The Art Club (back row — left to right) Lucy Carling, Meg Barnard, Stuart Thomas, Tracy Dodson, Sarah Rosenof, Christine Kemper, Michelle Mayhew, Blair Lawson, Kim Irvin, Wray Johnson, Mrs. Johnson — advisor, Taylor Ruble, Amanda McGregor, Mary Margaret Cummins; (front row — left to right) Ashley Waldvogel, Cathie Rice, Nicole Woo, Kerri Shinn, Amy Morrison, Lisa Deyerle, Jennifer Boshart, Shyama Friedenson, Allison Kirkendall, Brady Lee; (not pictured) Allison Barker, Cameron Cullop — president.

The National, Spanish and French Honor Societies

The Honor Society chapters at North Cross give recognition to the outstanding efforts of students. The National Honor Society at North Cross, made up of leading students, organized and carried out the scholarship fund drive. They used the promise of a free day from school for the classes that sold two magazines per student. Although the junior class was the only class to earn the day off, the drive was still a success. The National Honor Society also pieces together the North Cross calendar each year, an enjoyable activity generally found scattered farther than the yearbook production itself.

The Julio Cotazar Sociedad Honoraria Hispanica is the North Cross chapter of the Spanish Honor Society, given to North Cross in 1983, through the efforts of Senor Maisch. The members of the society have established good grades, outstanding characters, and the desire to study Spanish. The inductions were held in December this year. After a Spanish recitation, there was a ceremony of candles. Kim Blair had a little bit of trouble blowing out her candle, but managed not to set anything on fire.

The Spanish Honor Society this year has organized a student tutoring program. Third year students spent a couple of their study halls a week to tutor first and second year students in grammar. That proved beneficial to everyone. They also

hoped to organize a Spanish Club for future society members, to adopt pen pals and watch Spanish movies. Another offset of the Spanish Honor Society is a Lower School Spanish Club, started by Mrs. Nordt, who was inducted into the Society this year as an honorary member. We wish them luck in their activities and as future Society members.

The French Honor Society, Societe Honoraire de Francais, also recognizes high scholastic achievement. Mr. France wants the Society to create enthusiasm for the French culture, to understand it better, and to promote international companionship. This year started out with four members returning to the Society. The new members were not elected until after Christmas.

The French Honor Society, too, organized a French Club for those who have hopes of gaining membership. Mr. Sibley, too, was known for promoting a greater interest in the country and culture in his students, requiring posters and other projects that took a closer look. The Society quickly grew this year from four members to sixteen. Good luck to their following ranks.

Maria Lawrence, Jorge Roman, and Craig Leisure are just the busy bees as they earnestly work on the calendar for next year.

Spanish: (back row) Michael Baucom, Beth Foti, Elizabeth Rocovich, Michael Erwin, Mike Brenner, Gordon Winn; (middle row) Kim Blair, Cathie Rice, Amy Kirk, Heather Haddan, Denise Daum, Senor Maisch, Jorge Roman; (front row) Steve Michener, Toni Macias; (not pictured) Kevin Nordt

MATH COUNTS and ODYSSEY OF THE MIND

The Middle School participated in the National Mathcounts Competition and the Odyssey of the Mind Competition. Both required the minds of bright and intelligent students of Middle School age. North Cross's Middle School more than sufficiently met these guidelines.

The Mathecounts team consisted of four members and two alternates chosen as a result of the m-school competition. Mrs McGhee, their coach, aided them in their studies of 100-200 hours in preparation for the regional competition which was held on February 28. The previous North Cross teams of 1986 and 1987 succeeded in winning the regional competitions, and they went on to the state competitions in Richmond. Mrs. McGhee has been pleased over and over again with her hard-working team members

each year, and obviously she has great reason for her pride in her previous and present teams.

Instead of academic skill, Odyssey of the Mind deals with the students' creativity. North Cross's team of six students chose a long term problem from a list of five. They met and practiced daily with their coach, Mrs. Logan, in finding a creative solution to their problem. Then they prepared their solution and presented it to judges on March 12, the day of the local competition which took place at Roanoke College.

These competitions played a beneficial role in introducing the success of union and teamwork to the impressionable students.

DRAMATIC TOUCH

A. J. Gurney's "The Dining Room" was a combination of scenes and conflict. It involved six actors and actresses who were required to switch from character to character, minute to minute. Imagine switching from a seven year old girl to a senile old woman, from a wealthy married woman to a common house servant, a young boy to an aging father. Of course, there was a lot of work to be done. Timing was the key element in juxtaposing one sketch onto a totally different scene. Finally, the play was performed, having been given enough time to master it without losing the enthusiasm that kept it from turning stale.

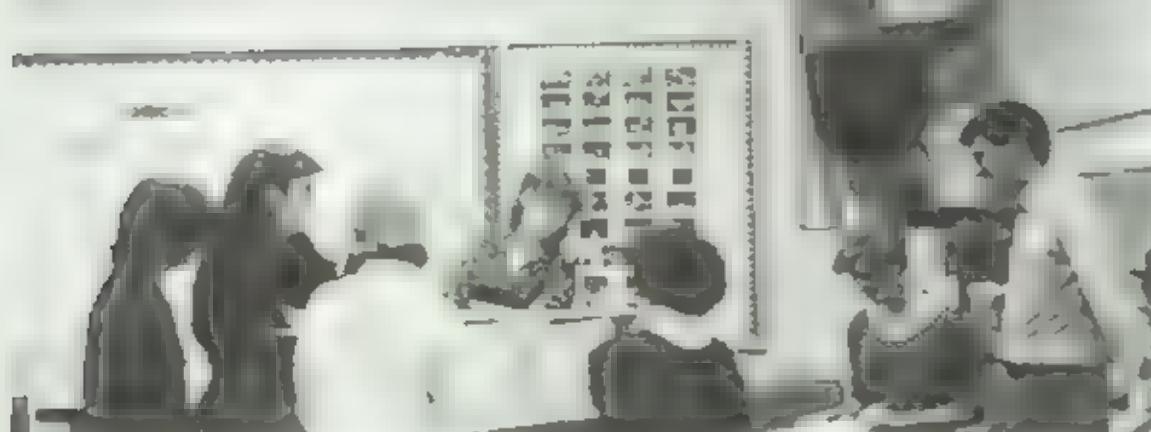

The winter musical was simply an evening of show tunes, highlighted with expression and short storylines implied within each song. The numbers ranged from "They're Playing My Song," "Let Me Entertain You" and "Cabaret" to "When I Fall in Love" and "She Touched Me."

Despite the small problem of a party hat that had a broken string, which Luke seemed to enjoy playing with during that performance, and Bonny hitting the high notes in one of her "favorite" songs, the productions provided enjoyment for both the audience and the casts. The Musical Cast: Toni Macias, Nicole Woo, Buffy Nordt, Bonny Branch, Shyama Friedenson, Gordon Winn, Kevin Garbee, John Collier, Steven Kewler, narrator.

"Once again" (left) John Collier and Shyama Friedenson and (right) Buffy Nordt and Toni Macias during practice for the winter musical.

"You think we could just skip this part?" — Bonny Branch whispers to Nicole Woo at musical practice.

Joe Basile is determined to catch up.

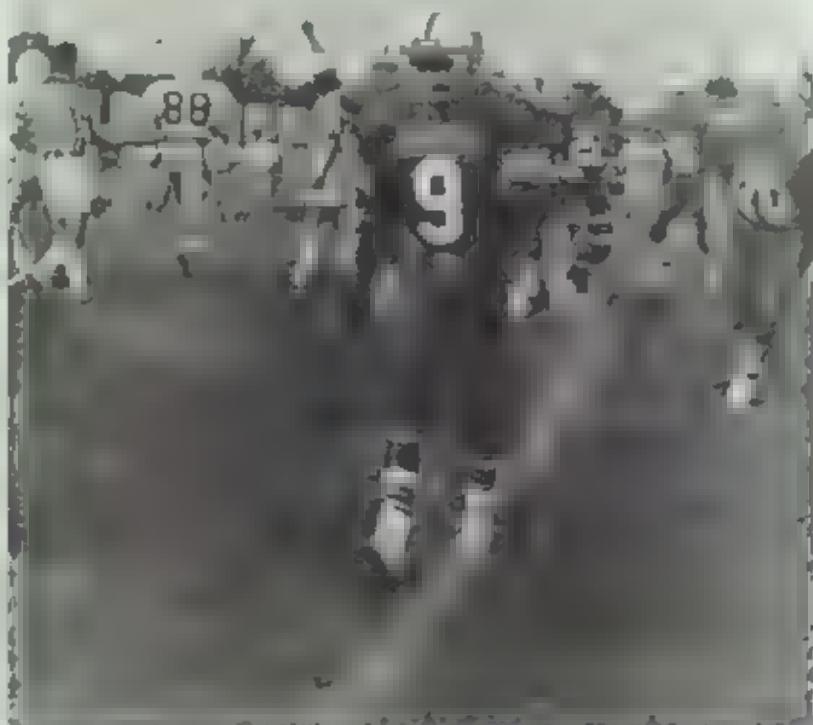

A TOUCH OF GREATNESS

The North Cross sports year started with a blast! The football team battled in the snow against LCA and won the VIC championship. The volleyball team won the BRC championship and Coach Satterwhite was awarded Coach of the Year. In Cross Country, Brady Lee finished fourth in the state for the girls and Grayson Prillman was tenth for boys. The Field Hockey team whipped Chaham Hall twice.

The basketball season started off well. The Varsity team won the first round of the Salem Christmas Classic tournament against Cave Spring but tragically lost to Fleming in the second round. The Varsity girls team started their season with only nine players which diminished to seven due to injuries. Despite this set back, they are doing exceptionally well.

There is great anticipation for the spring sports. Soccer players are hoping to go undefeated, and the tennis teams expected to finish with outstanding records. The golf, softball, lacrosse and baseball teams have the same high expectations.

North Cross has always had a high level of sports competition. We are a small school, but somehow we always seem to have the best quality around on our athletic teams.

Ron Murphy is looking a little mad as he walks off the field.

FIELD HOCKEY

The North Cross Field Hockey team had another fun-filled successful season this past fall. Not all wins but team spirit was high, everyone worked well together, and loads of fun was had by all. This year a large group of eighth graders made up most of the new J.V. team (creampuffs). They were led by Susan Johnson, Helene Jennings (high scorer), Jenny Royster and goalie Jackie Loech. Seven seniors led the Varsity with forwards Cole Frantz, Kim Blair, Alison Nordt and Katie Teague cranking shots on goal. Anne Blanton and Marg Rosemond backed them up with some very saucy stickwork. The strong defense of Robin Cunningham, Julie Lawrence, Maria Lawrence, Lucy Carling and goalie Caroline Brand boldly protected the N.C. goal.

One of the greatest additions to the team was Coach Jennings. She taught the team how to dribble, stop and dance with their sticks . . . She boosted everyone's energy and spirits and charmed all with a fantastic Northern accent.

Highlights include . . . 2 wins over Chatham . . . Bart the Big Dog . . . Fast food restaurants . . . the loop . . . R.C. hockey games . . . lucky ribbons . . . Katie's bountiful leaps and falls . . . honeybuns . . . the fun RAH-RAH hockey.

Good-bye elderly seniors and good luck next year to Mrs. Jennings and the team of '88

Dustin sprints at the end.

Brady leads the girls.

Cross Country practices began in the heat of summer and ended in fall. Coach Meagher and "Stretch" France insisted that the team witness the changing of the leaves and took them for many memorable runs on the parkway. On one of these runs, Sean Parker was almost decapitated by a speeding trailer with long rear view mirrors coming from the side. While Amy Kirk was running by a pasture, a large bull with an attractive ring in its nose decided to follow her.

The Cross Country team also had many memorable visits to other schools for meets. The coach at Timberlake seemed to be just as confused about his course as the North Cross team was. The Spanish teacher and coach at Hargrave explained to us in an accent that a certain hill was very, very steep, but also real "short". The Shawsville coach reminded the team,

before a race, that the speed limit for the road where the race started was 20 mph.

On November 6, the team went to Woodberry Forest for the state meet. While the coaches registered everyone, the team played an intense game of basketball and then toured the course. Ethan Cook assured the runners that "Agony Hill" was no problem and renamed it Exhilarating Hill. The boys varsity team placed 10th with Grayson Prichard coming in 9th. The girls team came in 5th with Cindy Lee placing 4th and Alison Nordt 10th. In the J.V. boys race Joe Basile finished 15th.

Football

VIC CHAMPS '87

As the thermometer drops and talk of snow days, skiing and basketball fill the air, the memory of the 1987 North Cross Football season remains fresh. Nevertheless, with the passage of time, emotions are quelled and a dispassionate overview of the year is obtainable. Therefore as an overview should start, we must return to the beginning, summer practice.

The North Cross football season started on August 14, for two weeks of grueling conditioning. At this point, certain styles of hitting the sled became popular. The sled is the unusual looking contraption with 7 yellow T-shaped dummies. These dummies are attached together and placed on runners. The act of hitting the sled is the art of positioning oneself in the "down" stance and jumping forward into the T-shaped dummy without exerting too much energy and wildly grunting monosyllabic sounds.

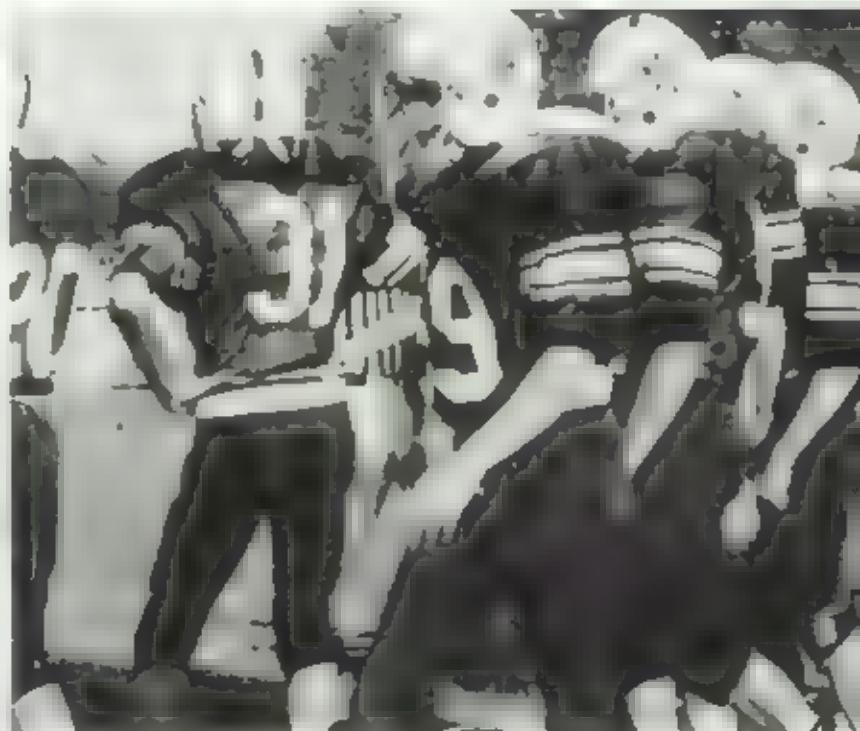

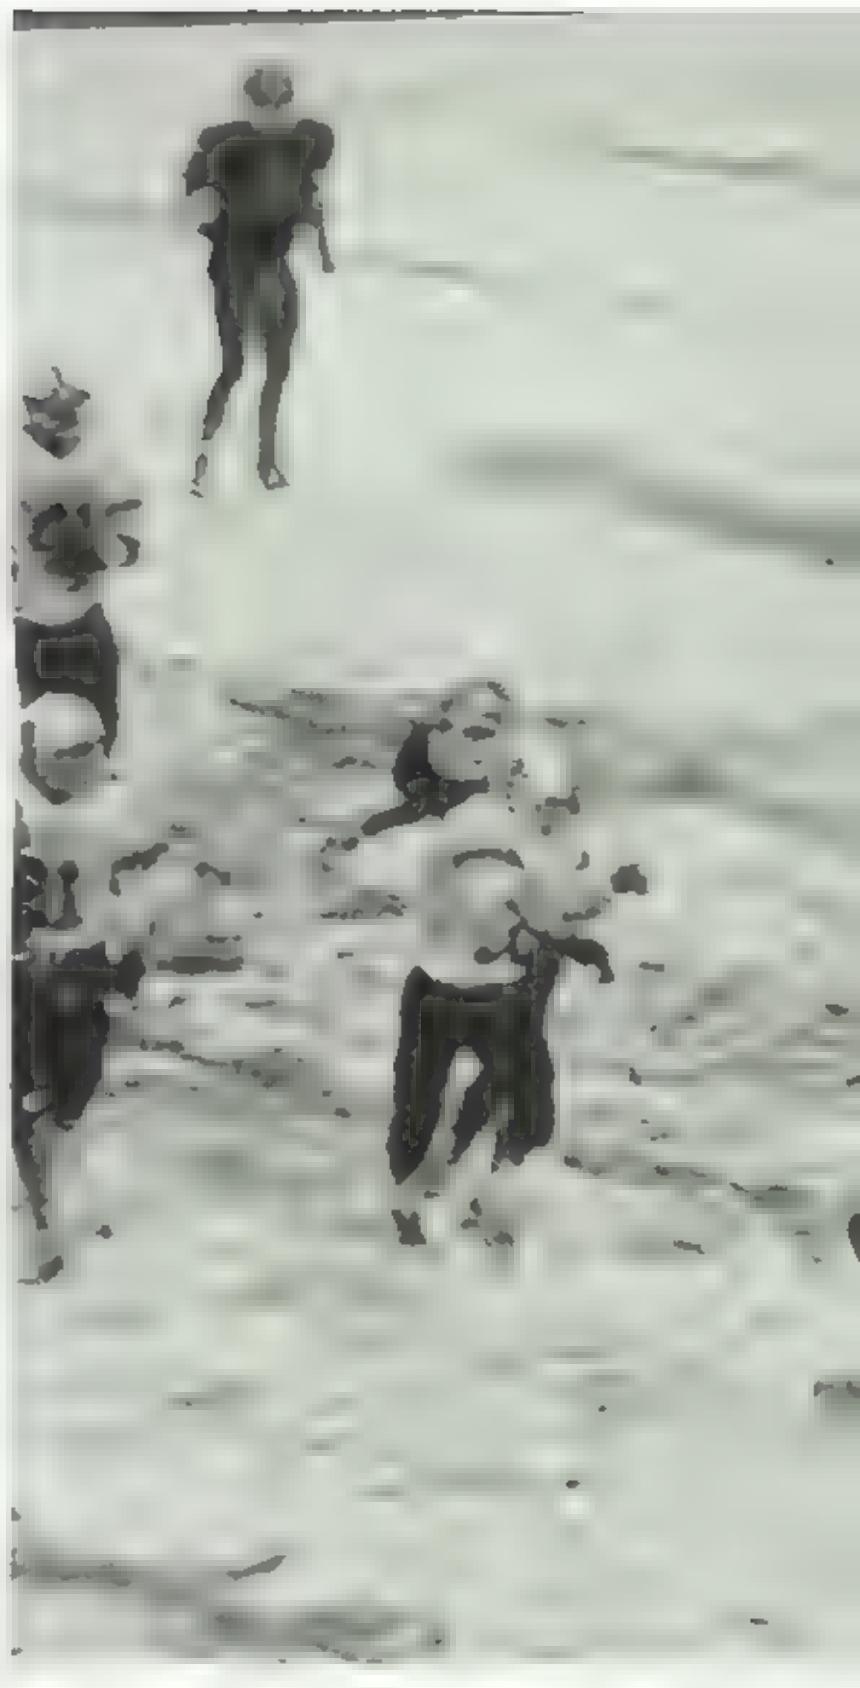

Chris Stevens, a cookie senior, perfected a silent style of hitting. It consisted of a Law of Physics which states that in a vacuum a body in motion will stay in motion unless acted on by an outside force, namely that of the dummy. And so, Stevens set his stance at ten

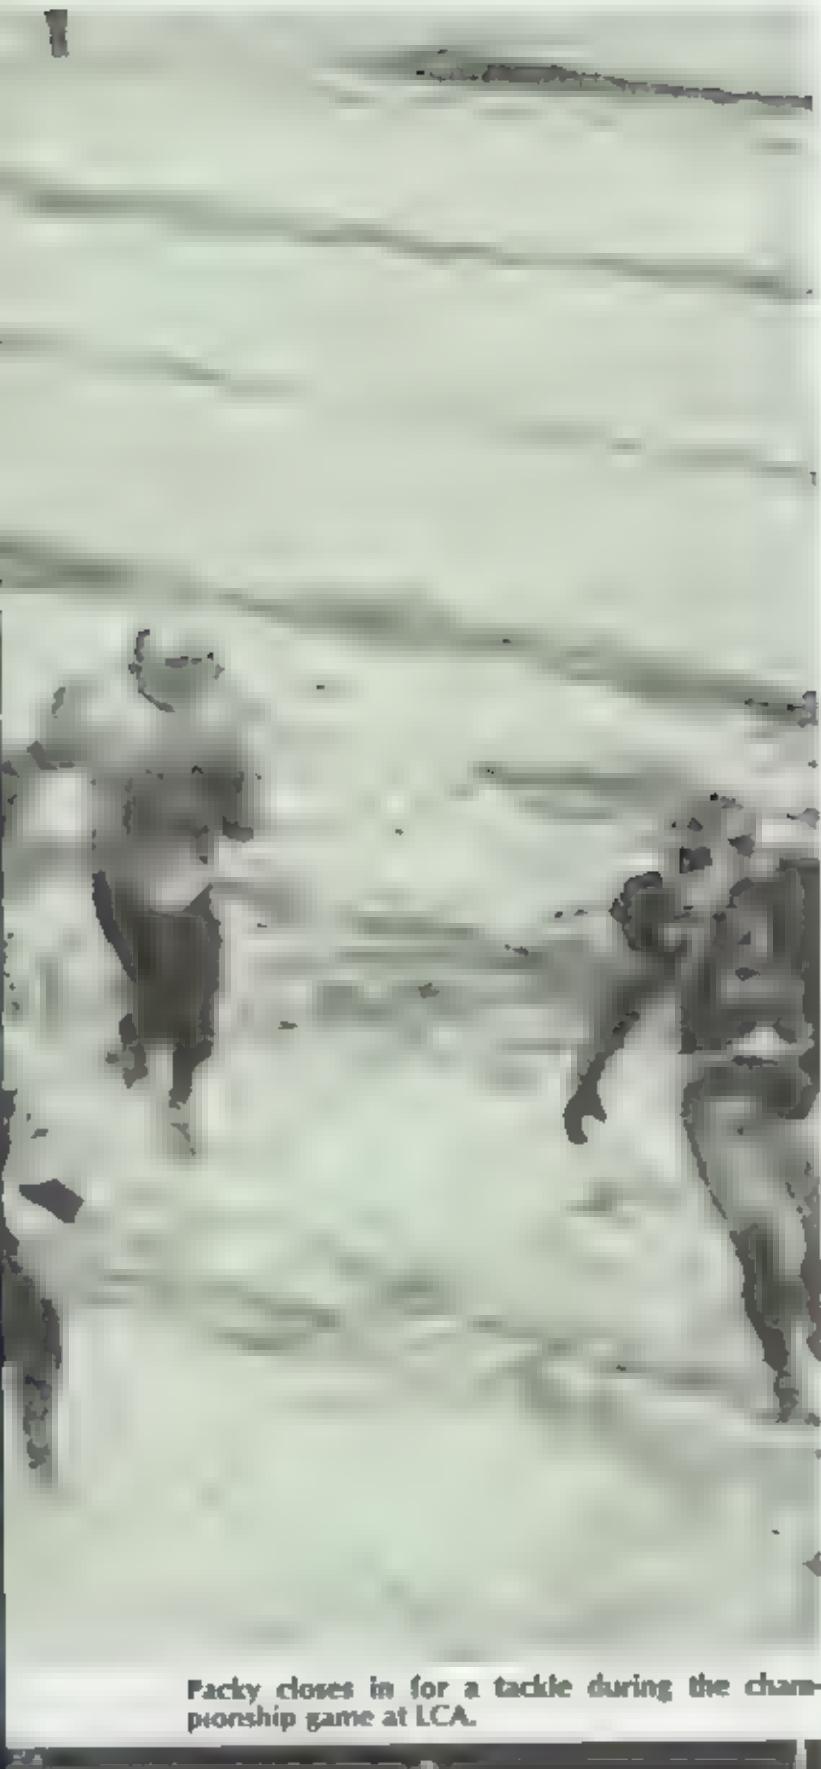

yards away and sprinted about seven yards jumping the last three, hitting the sled and bouncing back four yards. Another expert in the sled hitting field was quarterback, Packy Hutchinson. He alone popularized the P.H. (Packy Hit). It is comprised of a normal stance, about a foot away, and then lunging into the dummy with the force exerted from shifting one's weight forward.

The season progressed with mostly wins and a few losses. Scott St. Clair received his first skull and sacked Massanutten's quarterback. He also received Driver of the Year, a prestigious award for which he and Matt Koops vied. Despite these incidents, the season roared into the VIC Championship game against LCA. North Cross sealed the Bulldogs fate with a late fourth quarter pass to Chris Muscaro for a crucial touchdown which was followed by Chris Stevens' 2 point conversion in the final seconds to lead the Raiders to a 9-2 season and the VIC CHAMPIONSHIP!

Raiders come out victors ... once again! (left) Jason Beheler closes in while Chris Stevens drops into coverage.

VOLLEYBALL

Varsity volleyball had a fantastic season of 21 wins and 3 losses overall. Their conference record was 16-1. LCA was the only team in the conference to beat the Raiders but we beat them too. The Raiders came in first in the conference with Quinn Feldmann and Bonny Branch on the first all conference team. This is Bonny's third year in a row! Katie Stanfield and April Smith were on the second all conference team.

The Raiders came in first in the BRC Tournament. In order to do so they had to beat LCA in two matches. In the first match the score was tied 1-1; the Raiders were down 6-13 in the third game. They had an awesome comeback and the Raiders surged ahead for the ex-

citing victory. Miss Satterwhite was named volleyball coach of the year, a top honor.

To liven things up during practice Miss Satterwhite appointed Bonny and Quinn captains and split the team in half. Bonny's team was known as the LCA Bulldogs and Quinn's team was known as the NC Raiders. During their games Quinn's team would forget that their good friends were on Bonny's team and yell, "smear the queers, smear the queers." Miss Satterwhite, being the good person she is, would not let either team come out victorious.

Ten wins and four losses — winning season by the J.V. volleyball team! The football team led by their "book keeper" Alan Klink headed up the J.V.

team as a leader of the loud and enthusiastic cheering section. Encouraged by this support the players displayed strong serves, perfect passes, soaring sets, and smashing spikes! This teamwork led to a satisfying victory over LCA and nine other teams.

A powerful spike by "Jerry's Kids" (LCA) hammered past our players and hit the floor. This unfortunate play ended the team's campaign in the Second Annual Timberlake Tournament where Raiders came in fourth overall. One player from each team was chosen to be on the all-tournament team. The Mighty Raiders elected Julie McGhee, their superb setter for the honor.

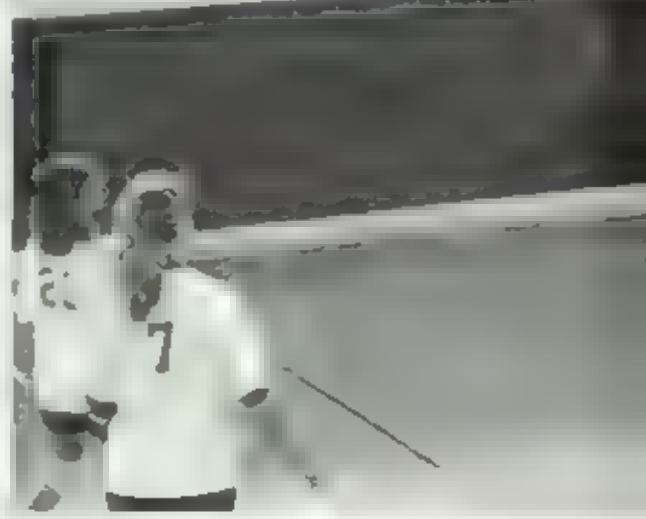

The J.V. team all feels that their coach, Miss Whitt, did a great job coaching and they hope to have her again next year.

Varsity: (back) Sarah Shockley, Kristin Humphries, Cameron Cullop, Nicole Basile, Victoria Griggs, Bonny Branch; (front) April Smith, Katie Stanfield, Elizabeth Rocovich, Robyn Pugh, Alice Snoddy, Quinn Feldmann, Coach Satterwhite.

Jr. Varsity: (1st row) Cat Bradshaw, Erin Humphries, Julie McGhee; (2nd row) Stacy Wimmer, Michele Mayhem, Eunice Park, Lisa Harrison, Allison Kirkendall, Brigitte Basil, Tracy Dodson, Laurie McGhee, Kathryn Repass

Kara and Ashley leading the crowd in cheer

Cheerleading

Football Cheerleading:

This year's football cheerleading squad was made up of four 8th graders and three seniors . . . a pretty wide range and one that took a lot of adjustment. However, with the help of coach Elaine Bell, the captains (Ashley Waldvogel, Nicole Woo, and Cathie Rice) and the cooperation of everyone involved, the squad managed to run everything rather smoothly. They covered areas ranging from pyramids and pep rallies to school fund raisers and jeans days. They also completely organized Homecoming Week for

1987. Best of luck to the younger squad that will be taking over in 1988.

Basketball Cheerleading:

The '87-'88 basketball season started out slowly for the cheerleaders. First, it was a matter of finding uniforms and second, adjusting to a two person coaching system (Dawn Lukens and Elaine Bell.) However, Captain Denise Daum and co-captain Anne Blanton soon had the squad rolling stronger. Practice was held every day when there wasn't a game. The cheerleaders also had to raise

money for their uniforms by planning pizza days and a cheerleading clinic for lower school children. They attended every game and supported the team full-force. The cheerleaders hope to support the basketball team all the way to the VIC championship for the second year in a row.

Erin does a cartwheel.

Cheering in Snow (below)

We've got spirit! Yes we do! (below)

GIRLS' BASKETBALL

VARSITY BASKETBALL

Small but proud would have been a good motto for the girls varsity basketball team. They got off to a flying start by winning the Private School Championship but luck didn't hold as 2 of the starting players, April Smith and Katie Stansfield were injured later in the season. Talks by Miss Satterwhite before games became more directed toward safety rather than strategy.

The number of players had decreased from nine to seven, but that did not damage the spirit of the small team. They continued to work together and won the next game with only seven players; all the players scored.

Not all the memories were filled with injuries though the famous dunk by Wray Johnson will live in our minds forever.

(above) Wray Johnson can really dunk!

The way she leaped off the ground and delicately smashed the ball through the hoop will never be forgotten by the many people who saw her do it.

When shooting the ball, Nicole Basile's jump in the air amazed not only the spectators, but also her team.

Margaret Rosemond's tumbles and somersaults would put a circus acrobat to shame.

Elizabeth Rocovich, Kristin Humphries, Alice Snoddy and Tiffany Bond also had unique qualities that added to the game.

Our graduating senior, Katie Stansfield will always be remembered for her enthusiasm and dedication to the game. She leaves us with the determination and will to win.

Before we close, one more thing needs to be said: April get well!! We NEED your three pointers next year.

Girls JV Basketball

Improvement! That's the word that best describes the 87-88 JV girls basketball team. The beginning of the season was rough and unpromising. Due to the fact that the team lost last year's starting line-up, they had to struggle without the experience that other teams had over them. Through hours of practice and constant improvement in skills they began to execute their plays, work as a team and play the aggressive ball their coach, Miss Whill urged. A strong bench was there for substitution, support and the cheering in crucial times. At the January 15-16 tournament at Catholic the team placed fourth. Brigitte Basile made all tournament team; she also had the team's high score. The highlight of the season was the incredible victory over LCA by only one point. Near the end of the season the team had a winning streak of six games. The final record was 7-7.

(above) Margaret prepares for a winning pass.

(above) Kathryn concentrates on making her foul shots.

A perfect play!

Katie goes up for the perfect shot

BOYS' BASKETBALL

JV Boys Basketball

The 1987-88 JV Boys basketball team has enjoyed a very successful season. Five returning players from last year's squad (Joe Basile, Brent Bowden, Jim Dixon, Mark Shaver, Allen Whittle) enabled the team to start off with a strong base of talent. With the addition of a few new sophomores (Jason Beheler, Andy Berry and Shawn Niday), the team discovered a new ability to score more points. Jason and Shawn had the additional talent of scoring the new 3 point shot, which was added to high school basketball this year. Rounding out the team were ninth graders Chad Burchinal, Andrew Massey and Preush Patel along with Stanley Chopski and Allen Ramsey from the eighth grade.

Early in the season, it became apparent that the team was quite talented and able to play together well. The offense was quick and passed very well, while the defense exerted a great deal of pressure on the opponent. The trademark of the team became the combination of full court presses and fast breaks. Toward the middle of

the season the loss of a few players at different times returned the team to pull together to make up for the missing players. Toward the end of the season all the players had returned, and the team resumed its winning trend.

All the games have been exciting for both the players and the spectators. In some cases North Cross had to rally late in the game to earn the victory, while some games permitted them to lead most of the time. Each player has contributed to the team in many ways, whether on offense, on defense or even with enthusiasm. Since the JV basketball team ended up with one of the few winning seasons in boys JV basketball history at North Cross, it will be a season that all will remember for quite a while.

VARSITY BOYS BASKETBALL

The N.C. boys basketball team enjoyed a very prosperous season even with a heartbreaking loss at Lord Boutetourt. We are one of the highest scoring teams in the area.

When the season began we had to work hard at many as-

pects of basketball but by far the most important was the naming process. Each player needed an alias that fit both his personality and his game. By far the easiest member to name was Chris Muscaro who we affectionately call Ego Tripper.

Because of his willingness to shoot from any angle at any time, Patrick Hutchinson was named after king gunner, "Mouse" McFadden.

Scott "Seik" St. Clair was named after Syracuse All-American Rony Seikaly but has taken the name to heart with what often appears to be a psyched out trance during the school day.

Gordon Winn is truly a vanilla person as well as a player. He gets the job done. Simply because of its absurdity he was named Tyrone.

Our sixth man, Eric "Sky" Walker, is so called because of his high flying style both on and off the court.

Chris Stevens received the name of Top Gun last season because of his willingness to shoot any time the ball was near him. Top Gun also fits Chrissy because he will swear that he is superior to all situations.

Great jump shot Eric!

Dutch Muscaro is and will always be the best ninth man in the country and because of his aggressive style we call him the Hammer.

Dutch Mars Blackman Fonder is so named because of his spaced out comments such as "she wants me" and "I'm the best player in the world."

Jason Robinson is a player of unquestionable skills.

Alex Jacobs is called Rusty because of his uncanny resemblance to the teenage geek in Vacation and also because that's the only way to describe his basketball abilities.

Taylor Ruble plays a good game whenever he goes in.

Last but not least is Ethan Cook simply called "E" and because of his mellow uncomplicated style no other letters are needed.

Now that you know all the names of the players hopefully you can better identify with the team and enjoy the games more fully. Remember a rose by any other name is still a rose and the 1988 Raiders are just good.

Gordon goes up for a shot.

(standing) Greg Tune, Mr. Calvert, Chris Muscaro, Ethan Cook, Scott St. Clair, Gordon Winn, Taylor Ruble, Alex Jacobs, Dutch Muscaro, Coach Muscaro (front) Eric Walker, Jason Robinson, Packy Hutchinson, Ronald Murphy, Chris Stevens, Dustin Fonder

(back) Mr. Sibley, Andrew Massey, Andy Berry, Jim Dixon, Jason Beheler, Brent Bowden, Joe Basile, Shawn Niday, Coach France (front) Pieush Patal, Chad Burchinal, Mark Shaver, Stanley Chopski, Allen Ramsey, Allen Whittle, T. J. Lange

Ronald does a great layup.

Chris looks for someone to pass to.

TENNIS

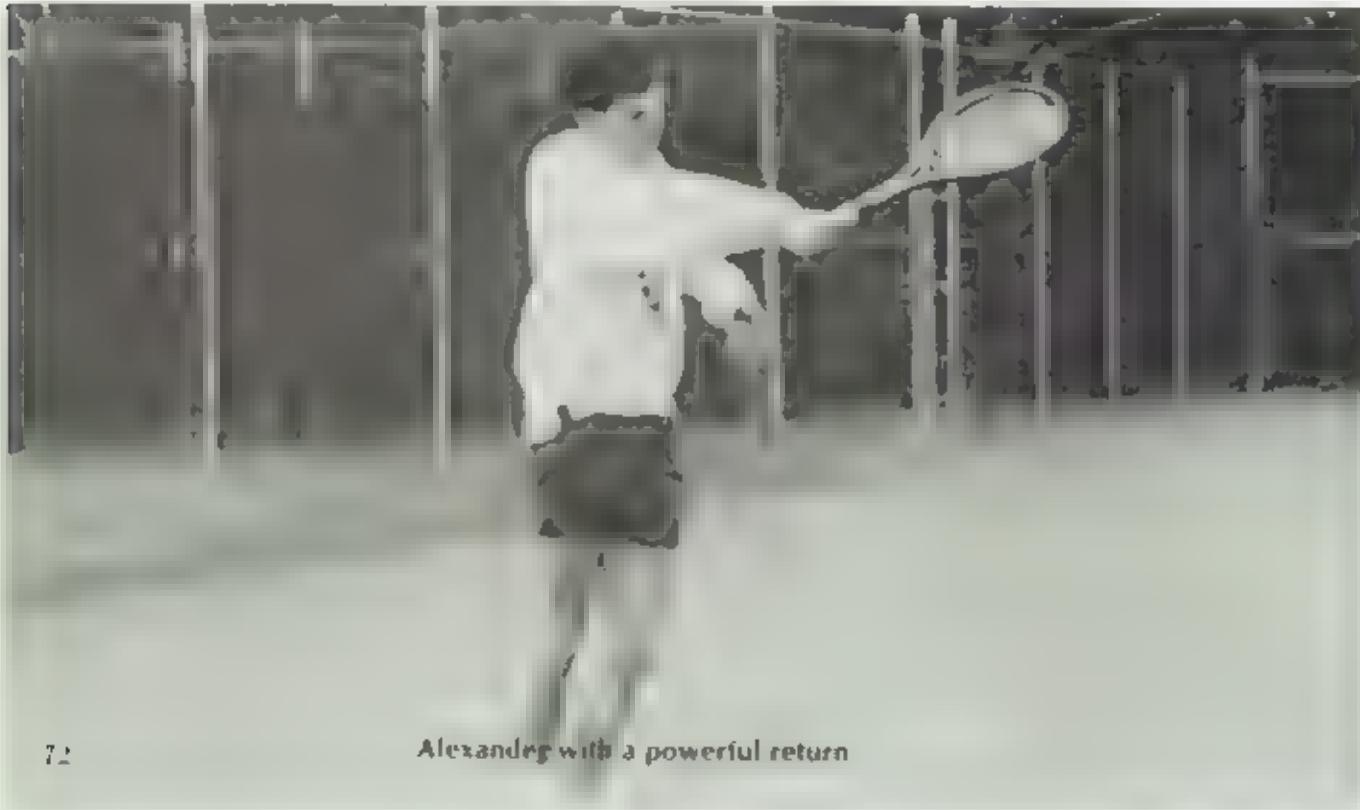

(above) Craig Leisure, Mark Shaver, Avi Zallen, Steve Keweller, Thomas Neuhaus, Mike Erwin (sitting) Trip Kellam, Alexander Boone

The 1988 Boy's Varsity Tennis team will face a tough schedule this year. Alexander Boone and Mark Shaver at the number one and two positions as well as Trip Kellam at three and Michael Erwin at number 4. These 4 players will be assisted by Avi Zallen at five and Thomas Neuhaus at six. Tough Opponents like Fesburne and Randolph Macon Military Academy as well as rival L.C.I.A. will be facing the team at North Cross this year all in all, prospects look good for the tennis team in the spring.

Ollie with a killer serve

Alexander with a powerful return

Blair concentrates on her serve

Alexander comes up for the shot

Quinn returns

"Hey! See all that green paint? That's what you are supposed to aim for and on this side of the fence!"

"Hey, Miss Whit! I've got a joke for you!"

These are just a couple of things one would hear if one decided to listen to a girl's tennis practice one day. Also there is the omnipresent voice of Alexander Boone across the fence exclaiming, "O.K. I'm getting ready to serve. Everybody take notes."

Despite this, North Cross always has a winning girl's team. This year will be no exception, especially because we have Raissa Remandabin who, though only in the eighth grade, is ranked in the state and is a great asset to our team.

Returning members of the team are seniors, Quinn Feldmann, and Dana Silberberg, and freshman Victoria Griggs. Our team is young this year but that can only mean that the team will be all the better in the future.

Tennis is a lot of work, but it is also a lot of fun. In the end, the hard work always pays off, and the members can look back and laugh at the fun we had getting there.

The Girls Tennis Team

SOCER

If you don't believe in the saying practice makes perfect, then you haven't seen the North Cross soccer team. Mr. Cook believes "If the team practices well they can defeat anyone on the schedule." That doesn't seem too far out of reach considering some of the people we have playing for us this season.

Star player Grayson Prillaman (center halfback), Nelson Showalter, an excellent four year goalie, David Faddis, an exceptional halfback as well as other senior halfbacks Carl Bivens and Alison Nordt. Two talented underclassmen Ethan Cook at midfield and Gordon Winn, fullback will be helping the team immensely. Richard Nelson, stopper and Joe Basile at forward will also be giving great support to the team. Four new comers will be taking important positions on the team. Shawn Niday, attacker, Dustin Fonder, defender, Scott Austin, defender and Tres Moore will add great depth to the team.

"With such a strong team and good senior leadership, how can we lose?"

(above) Carl is ready to take the field
(upper right) "Go for It" (right)
Grayson outdribbles everyone as usual.

(back row) Andy Light, Allan Whittle, Tres Moore, Dustin Fonder, Gordon Winn, Jim Dixon, Rich Nelson, Joe Basile, Kirby Smeltzer, Matt Laughon, Brady Lee; (front) Grayson Prillaman, Matt Koops, Wes Zorn, Alison Nordt, Steve Michener, Coach Cook, Kalie Teague, Nelson Showalter, David Faddis, Carl Bivens

(above) Gordon uses his head!

LACROSSE

The 1988 Lacrosse team will be the last lacrosse team at North Cross. The outlook of the season does not look very good but with some good players we might be able to win a few games. The team is led by captains Chris Stevens and Greg Tune. Chris is a 3 year starter in goal and hopes to lead the Raiders to victory. Other key players include Alex Jacobs, Andrew Massey, Schuyler Stultz and Kevin Nordt. Hopefully, they will pull out a winning season but it will take a lot of hard work.

(right) Pre game advice (lower right) Jorge holds off offenders (below) Chris clears the ball out

GOLF

Golf, the art of hitting a small spherical object into a slightly larger hole with a metal stick. This wacky game is one most of us will try at one time or another, either successfully or not. We on the golf team try to take a serious approach to the game yet humor always finds a way to slip out. The season brings out many funny happenings. It might be trying to squeeze seven people into a car for a trip to Lynchburg or trying to hit a shot out of the woods, left handed with your putter.

We also have our share of good shots, too. There are chips and long puts and even shots from 150 yards out that are made to improve our score.

But no matter how bad we play, who we play with, or if we win or lose, we still enjoy playing this challenging game competitively.

The Baseball Team

GIRLS' SOFTBALL

Softball

The varsity softball team has excellent players that really know how to hustle and get to the ball. If you're not quick on your feet, you may hear Coach Satterwhite yell, "Come On, my grandmother in a wheelchair can move faster than that!" It is for your own safety to be alert because you may have to catch one of Bonnie Branch's bullet throws or catch an unpredictable, strong hit from left hander Kate Stanfield. Once the ball hits the ground, it can hit one of those annoying rocks in the field and bounce up and change its course. The field even has frequent visits from nature as Coach Satterwhite exclaimed one afternoon, "Look deer dung!"

In contrast to the varsity team the JV team lost every game last year but hopes to improve on that in the season to come.

White Co-captain: Ethan Cook

Red Co-captain: Gordon Winn

White Captain: Katie Teague

Red White

Ranging from chess to art to soccer, Red White competitions are by far one of the most fun activities during the school year. But don't let the sports fool you, we also learn a lot about current events. Questions posed by Mr. Wanson range from Bruce Springsteen to Oliver North. Good Luck to everyone and may the best color win!

Give it all you got Nicole.

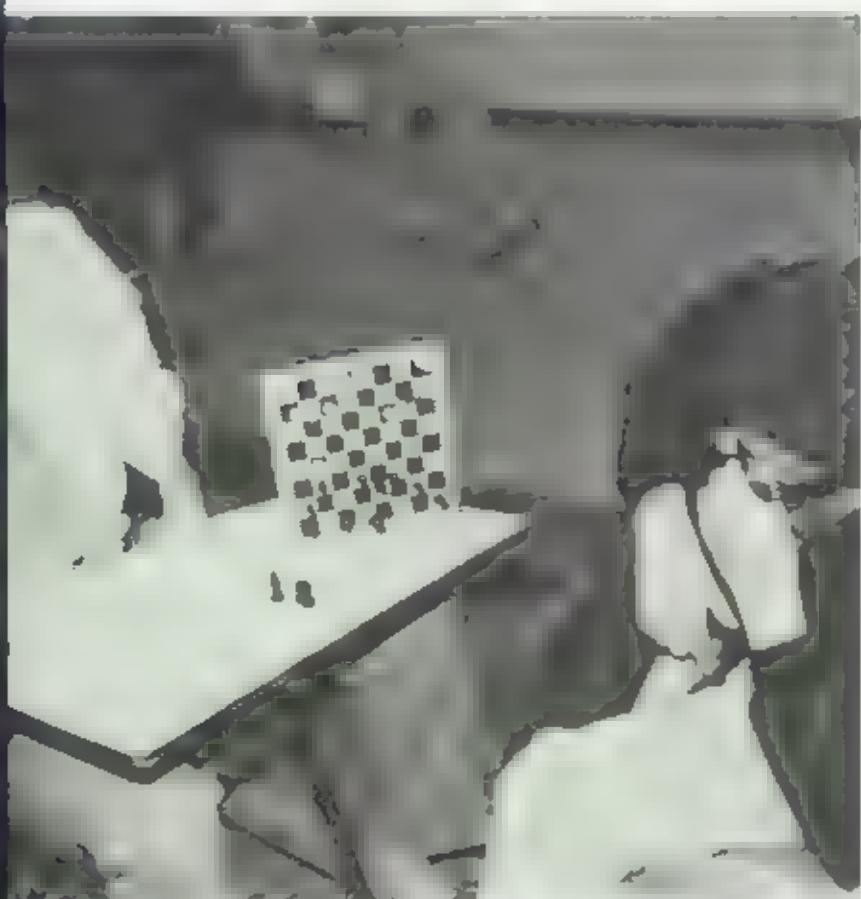

Red Captain: Grayson Prillaman

Curt and Scott hang on the next move.

Chris and Grayson after ping pong.

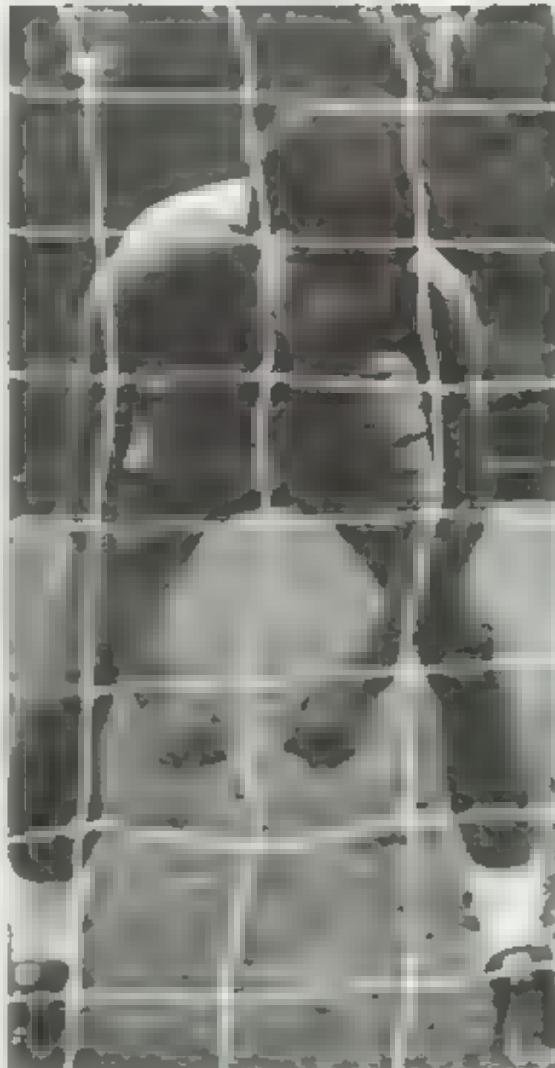

Chris and Curt deep in chess.

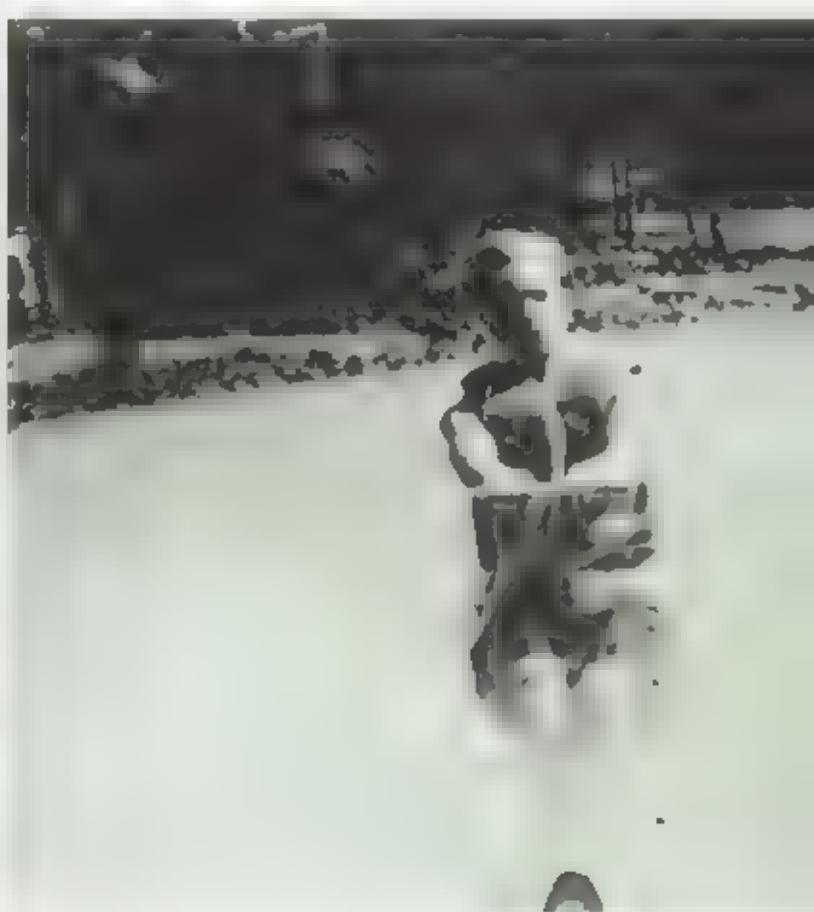

SPORTS FOR FUN

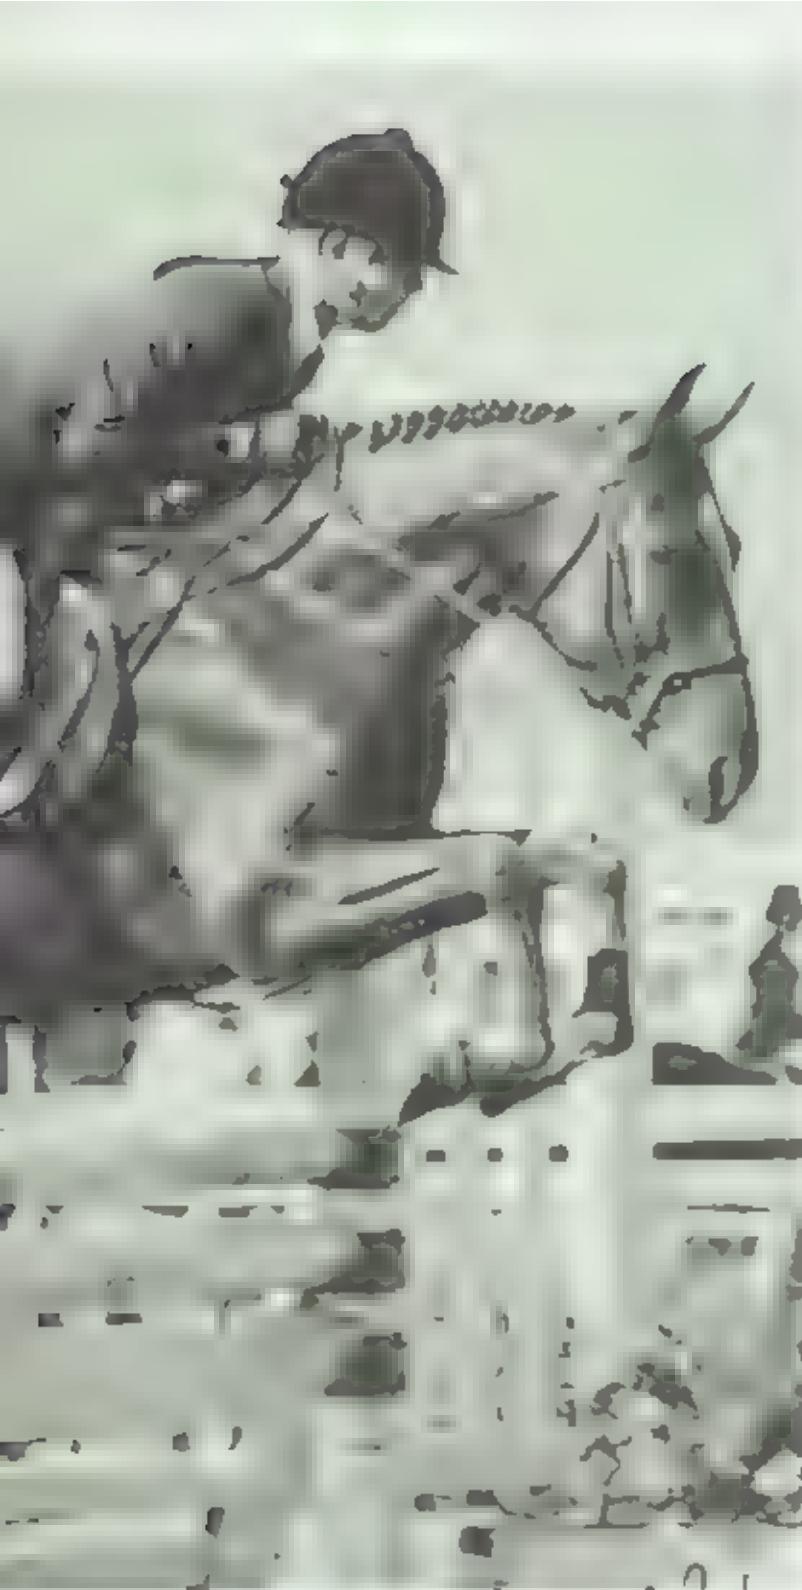

North Cross students are very active in sports both in and out of school. Some students are very competitive in their sports while other participate for the fun of it. Many members of the soccer team play select soccer during the fall while Grayson Prillaman and Dustin Fonder have made the Va state team. Skiing is also a very popular sport at North Cross. Most students go to the slopes just to have fun while Curt and Steve Mull and Alison Nordt have all been among the top 10 racers in the state. Lots of people enjoy horseback riding but the Leskos take it very seriously and ride in shows at every opportunity. Sophomore, Daniel Summerlin has excelled in swimming and is now one of the best swimmers in the area. In the sport of tennis Quinn Feldmann, Trip Kellam and Alexander Boone are very competitive and play quite often. While not all students are highly competitive most enjoy sports as a form of recreation.

The Grade Scene

How would you describe your grade? From some very reliable sources, we on the yearbook staff have found out what the Upper, Middle, and Lower School are actually thought of by their peers.

From Ms. Holt, the Lower School director, we found out that the Lower School is lively, enthusiastic, constantly changing, and spontaneous. Ms. Holt said, "Each day is a new adventure for children and adults. The faculty provides a nurturing environment where each child is provided the opportunity to reach his or her full potential."

Mr. Calvert, the Middle School director, felt that the best adjective to describe the Middle School was energy, and the key is to channel this energy into positive results. He feels that the students there must adjust academically and socially to an environment that is challenging and sometimes perplexing.

Mr. Calvert said, "The Middle School faculty are charged with broadening the excellent educational foundation provided in the Lower School and providing students with the tools needed for success in the Upper School. Both students and faculty have the energy to accomplish our goals."

According to Mr. Wonson, the Upper School director, the Upper School is a close knit place, where faculty care about the students, and the students care about each other. He said, "Students have lots of work they are busy with lots of things, they are given a lot of responsibility. All this is purposeful, because it is excellent preparation for life after North Cross."

Now, let's break this down a bit. What about individual grades in the Upper School?

Let's see how they are characterized:

The Twelfth Grade: The Senior Project and the DREADED Senior Speech . . . college applications and not enough sleep . . . the Senior Lounge and our very own coke machine . . . easy classes like Chemistry and Physics — the Class of 1988 has shown great leadership.

The Eleventh Grade: "Next year the lounge is ours!!" Greg and the boys give new meaning to the phrase. "The Bratse Brothers" You better be quick taking notes in Mr. Cook's classic, U.S. History. The rest of the course load is no sweat chemistry, third year foreign language, Pre Calculus — what a breeze!

The Tenth Grade: A class loaded with fine scholars and athletes. How would you like to have a 97 average and not be in the top 20% of your class! Sophomores love Mr. Sharp's broccoli!

The Ninth Grade: New to the Upper School and handling it well . . . Mrs. Grayson's Latin II classes are always a "treat." Could you ever guess that Dr. Noss has his Ph.D in English? Favorite/most important course? No contest — Driver's Ed!

Thanks to Mr. Wonson for all of these characteristics he has pointed out to us. Characteristics that make the Upper School

We Learned It All In Kindergarten

Most of what I really need to know about how to live, and what to do, and how to be I learned in kindergarten. Wisdom was not at the top of the graduate school mountain, but there in the sandbox.

These are the things I learned: Share everything. Play fair. Don't hit people. Put things back where you found them. Clean up your own mess. Don't take

things that aren't yours. Say you're sorry when you hurt somebody. Wash your hands before you eat. Live a balanced life. Live some and think some, and draw and sing and dance and play and work every day some.

Take a nap in the afternoon. When you go out into the world, watch for traffic, hold hands and stick together. Be aware of wonder. Remember the little seed in the plastic cup. The roots go down and the plant goes up, and nobody really knows why, but we are all like that.

Oh the joys of walking to lunch

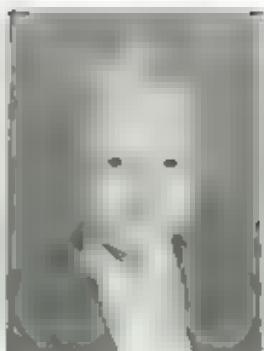

In most other professions, superior ability and dedication are rewarded with the five P's: promotion, power, prestige, perks, and pay . . . But the best schoolteachers in the land, if she has no administrative ambitions (that is, no ambition to get out of the classroom), enters the profession with the rank of teacher and retires from it decades later with the rank of teacher, not remarkably better paid and perked than when she met her maiden class . . . The condition of the true artisan, perhaps, is the most nearly akin to the gifted schoolteacher's: an all but anonymous calling that allows for mastery, even for a sort of genius, but rarely for fame, applause, or wealth; whose chief reward must be the mere superlative doing of the thing. The maker of stained glass or fine jewelry, however, works only with platinum, gemstones, gold, not with young minds and spirits

Kelley

One morning I went over to the second grade in the Lower School and asked them some questions. The first question was, "What is your favorite television show?" Some of the responses were "Max Headroom," "Rags to Riches," and "Ducktales." Another question was, "What is your favorite food?", and pizza was definitely the most popular, followed closely by hamburgers and hotdogs. The foods that they disliked the most were liver, greens, and okra, one boy even said that he didn't like baked beans.

I also wanted to know what their favorite subjects were, and a large majority said that they favored art, but a few said that they liked math and science.

My last question was that if they could have anything in the world what would they wish for. Several boys said they would like a Porsche. Others wanted their own horse, their own airplane or G.I. Joe figures. One girl said she wished there was real magic, and actually, I agree with her.

I think that in a few years we should ask these students these same questions. Then we could look back and laugh and see how much they've grown up.

THIRD GRADE

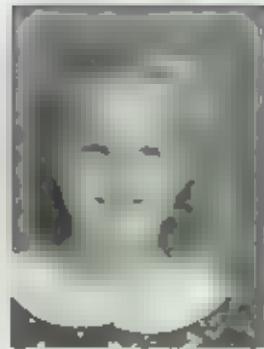

A THIRD GRADE ADVENTURE

For a science-related field trip, both third grade classes took an expedition to Natural Bridge on October 8, 1987. In addition to seeing Natural Bridge, the class explored the Natural Bridge Zoo and Caverns. They brought bag lunches and ate them in the caverns. Their teacher, Mrs. Horak, stated happily that all the students enjoyed the trip immensely, probably for two reasons: seeing Natural Bridge, and, of course, missing a day of school. The trip sounded enjoyable, and Mrs. Horak seemed pleased about the third graders' expedition.

FOURTH GRADE

THE FOURTH GRADE TRAVELS BACK

The 4th grade at North Cross, taught by Mrs. Nancy Young and Mrs. Susan Tower, is really into Virginia History! In fact, their whole year is planned around it.

Early this year in the fall, the 4th grade participated in Constitution Day, and even the teachers had fun with it when Mrs. Young dressed up as Dolly Madison.

In November, the 4th grade visited Monticello and Ash Lawn, the stately homes of Thomas Jefferson and James Monroe. Before they left, I talked to some

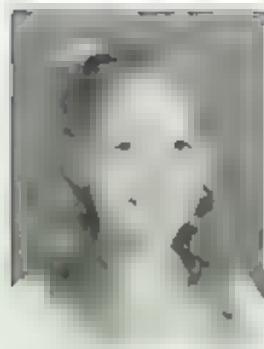

of the 4th graders about their trip. They seemed very enthusiastic about going since many had never been. All of them agreed, however, that they would definitely not want to live during the 18th century. "It was not a survivable world," one replied. The majority agreed there was too much work and they wouldn't want to have to sew and cook. And of course there was no TV!

While at Monticello, they attended a new program called, Mr. Jefferson's Pockets, the story of Jefferson's life.

Later on in the spring, the 4th grade visited the George C. Marshall Library at VMI and Lee's Chapel at Washington and Lee.

All these memories can be kept safe in their Virginia history scrapbooks, due in May.

FIFTH GRADE

THE FIFTH GRADE SHOWS OFF THEIR CREATIVITY

The 5th grade at North Cross, taught by Mrs. Mary Lou Sallade and Mrs. Dorothy Leonard, has something to say.

When they were called upon, they sufficiently answered the inquiries with originality and creativity. Some of them were correct and if not, they were believable.

When asked where a pagoda would be, one girl with long hair replied, "In the water." She said, "Well, it sounds like something in the water."

Who was the most famous Englishman of his time? One curly redheaded boy blurted out, "Lord Bodden Powell." Mrs. Leonard leaned across her desk and whispered, "Shakespeare!" but he insisted that it was Lord Bodden Powell.

What is a funnybone? To my surprise they answered correctly that it is a nerve that tingles when it is sometimes hit the wrong way.

What does Captain Marvel always say? Up, Up and Away? Although this was a good guess, I suppose there were no comic book fans in the room.

My favorite question is, "Why does a glowworm glow?" Perhaps it has solar power, so it can see where it is going.

or maybe because it has batteries

He kills them, cuts their head off, or just uses judo. These were the answers to, "How does a Moslem divorce his wife?"

What is a zitherist? Almost instantly, the answer was, "He is a villain."

The 5th grade is a very creative class and displays it well.

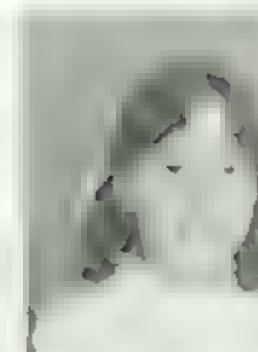

High spirits fly as Skip Johnson and Hal Johnson jump up in the air.

TEACHER'S CREED

I believe in boys and girls, the men and women of a great tomorrow, that whatsoever the boy soweth the man shall reap. I believe in the curse of ignorance in the efficacy of schools in the dignity of teaching and in the joy of serving others. I believe in wisdom as revealed in human lives as well as in the pages of the printed book, in lessons taught not so much by precept as by example, in ability to work with the hands as well as to think with the head, in everything that makes life large and lovely. I believe in beauty in the schoolroom, in the home, in daily life and out-of-doors. I believe in laughter, in love, in faith, in all ideals and distant hopes that lure us on. I believe that every hour of every day we receive a just reward for all we are and all we do. I believe in the present and its opportunities, in the future and its promises; and in the divine joy of living.

SIXTH GRADE SUPERLATIVES

I found the sixth grade in their gym class, the boys on the bleachers and the girls, of course, still in the lockeroom. While waiting for the girls to come up on the floor, I asked the boys a few questions about the females in their class. Soon I was inundated with young men, eager to gossip about the women. The results were:

BEST LOOKING: Christina Nordt

SMARTEST: Ellen Brenner

WITTIEST: Elizabeth Logan

FRIENDLIEST: Heather Houston

MOST LIKELY TO SUCCEED: Jenny Lewis

MOST ATHLETIC: Mary Bartley

BEST DRESSED: Beverly Logan

When the girls finally came up to the floor, I began to ask them a few questions about the guys in their class. Though they weren't as willing to talk as the boys had been, they finally gave me some answers. They think:

BEST LOOKING: Lucas Lawson

SMARTEST: Philip Ramsey

WITTIEST: Justin Woo "Woozer"

FRIENDLIEST: Lee Flora

MOST LIKELY TO SUCCEED: Jason Davis

MOST ATHLETIC: Newman Weaver

BEST DRESSED: Forrest Porterfield

And that concludes my escapade with the sixth grade!

7th Grade Favorites

The 7th grade's wide range of interests are as different as the students themselves.

They have a variety of musical preferences, ranging from the Grateful Dead to Bob Marley and the Whalers, to the Kinks.

The 7th graders enjoy out of school activities such as football, gymnastics and field hockey. However, they unanimously agreed that soccer is their all-time favorite.

Favorite vacation spots during the summer range up and down the East Coast; from up North at Nantucket to Nags Head, North Carolina to Miami Beach, Florida.

Their favorites are listed here:

- Band — Led Zeppelin
- Song — Hotel California
- Food — Pizza
- Sport/Game — Soccer
- Movie — Breakfast Club
- Actor — Arnold Schwarzenegger
- Actress — Cybil Shepherd
- Day — Friday
- Animal — Dog
- Car — Porsche

Beach — Hilton Head and VA Beach

Of all the beautiful truths pertaining to the soul which have been restored and brought to light in this age, none is more gladdening or fruitful of divine promise and confidence than this: That man is the master of thought, the molder of character, and the maker and shaper of condition, environment, and destiny.

As a being of Power, Intelligence and Love, and lord of his own thoughts, man holds the key to every situation, and contains within himself that transforming and regenerative agency by which he may make himself what he wills.

TEACHERS HAVE FUN TOO

Every morning, Middle School teachers involve themselves in different activities. Mrs. Repass and Mrs. McGhee bustle in and retire to the teachers' lounge to knit, gossip, and drink coffee. Contrary to popular belief, they rarely talk about students; instead, they talk about their home lives. Mr. Trau hurries straight to his room and reties his tie, one of which is never the green bow tie which Laura Nolan and Sarah Rosenoff gave him last year. Mrs. Bailey, always punctual, grabs a cup of coffee and heads for homeroom. Workaholic Mrs. Patterson comes in early in the morning to work and patrol the upstairs halls for wanderers.

They also have varying afternoon activities. Mrs. Repass, Mrs. McGhee, and Mrs. Bailey, the "Physical Fitness Squad," often walk the cross-country course to get in shape. Mr. Trau practices his lacrosse skills with Alex Jacobs and Andrew Massey, then goes home to a delicious Budget Cuisine dinner. Mrs. Loftin often remains behind to decorate her bulletin board with exciting memorabilia from the eighth grade English classes' studies. So believe it or not, the teachers DO have exciting lives — filled with knitting, bow ties, and Budget Cuisines!

MOVING UP

After three long years in the Middle School, Freshmen have finally made it to the Upper School. Obviously, the Freshman class finds the Upper School different from the Middle School in many ways; there are advantages and disadvantages. The classes are harder for some; on the other hand, there are more extracurricular activities offered. Many enthused Freshmen are contributing their efforts to sports and other school

activities this year, including volleyball, football, cross country, field hockey, basketball, Scarlet Letter staff, yearbook staff, and other things. So far, no Freshmen have been crammed into trash cans or lockers, although maybe things would have been different if the lockers were bigger. Upper classmen, in fact, have been very sympathetic. All in all, so far the Freshmen have had a pretty good year.

Sophomores Head On

The class of 1990 is moving up. It has been said that these fun loving, spirited sophomores are yet another class at North Cross "with class." As one sophomore said, "Every year gets better. The tenth grade has been a lot of fun but a lot of hard work also. Biology and Geometry have been killers but not unreasonable . . . we all are able to manage everything pretty well I think so far, this year has been one of the best."

With the addition of eight new students ranging from a variety of different schools, it is no wonder why the sophomores have such positive attitudes about their year.

Sports were a particular favorite of this class. This year, football, cross country, and the girl's field hockey team were especially popular and all that participated were great assets to their teams.

It is lucky for those coaches that they will be around for two more years! Eric Walker, Jason Beheler, Steve Moll, Taylor Ruble and Andy Berry all helped to push our Raiders towards a winning season in football. For the cross country team, Brady Lee should be recognized for her superior accomplishments this past fall. Margaret Rosemond and Lucy Carling were also starters on the varsity field hockey team and really proved their talents on the field.

Sports were not the only important activities among the sophomores this year. Photography and journalism were also popular. A number of them participated on the Scarlett Letter and the Compass staffs.

When asked what the highlight of the tenth grade year is, the most common reply is being able to drive. Turning sixteen will always be the best! The class of 1990 is a close knit bunch who work hard and have fun. These next two years will be important ones so . . . GOOD LUCK!"

What Characters!

The eleventh grade is a small, close-knit class. The majority of our class play some type of sport. Most of the girls play field hockey so they have to be total brutes. April Smith and Alice Snoddy play volleyball, basketball, and softball, so they are the female jocks of the class. For the guys — football and soccer dominate the class, but there are a few who play baseball, tennis, and run cross-country. The top tennis player is Michael Erwin, also known as "Mr. Knowledge." Top football and basketball players are Chris Muscaro and Gordon Winn. The class stays rather busy with different sports, as you can see. They are also able to do many things after school.

The eleventh grade is very talented and they do many things, such as sports as well as hobbies. Greg Tunc collects comic books, Chris Helmer collects trains; Beth Foti rides horses; Fred Coots goes ballooning; Steve Kewler and Jorge Roman play the guitar — are you guys beginners?

Pam Fulghum, Kim Blair, Katrina Duerk and Maria Lawrence hang out Hot-Z, waiting for the guys; Chris Muscaro plays racquetball.

Basically, everyone in the class likes partying, having a good time, skiing and enjoying the weekends! Thanks to Tuna, we have a place to go. The eleventh grade has many common qualities and are full of excitement for the oncoming year.

Richard Nelson and Avi Zallen are telling us that everything is cool!

WES ZORN

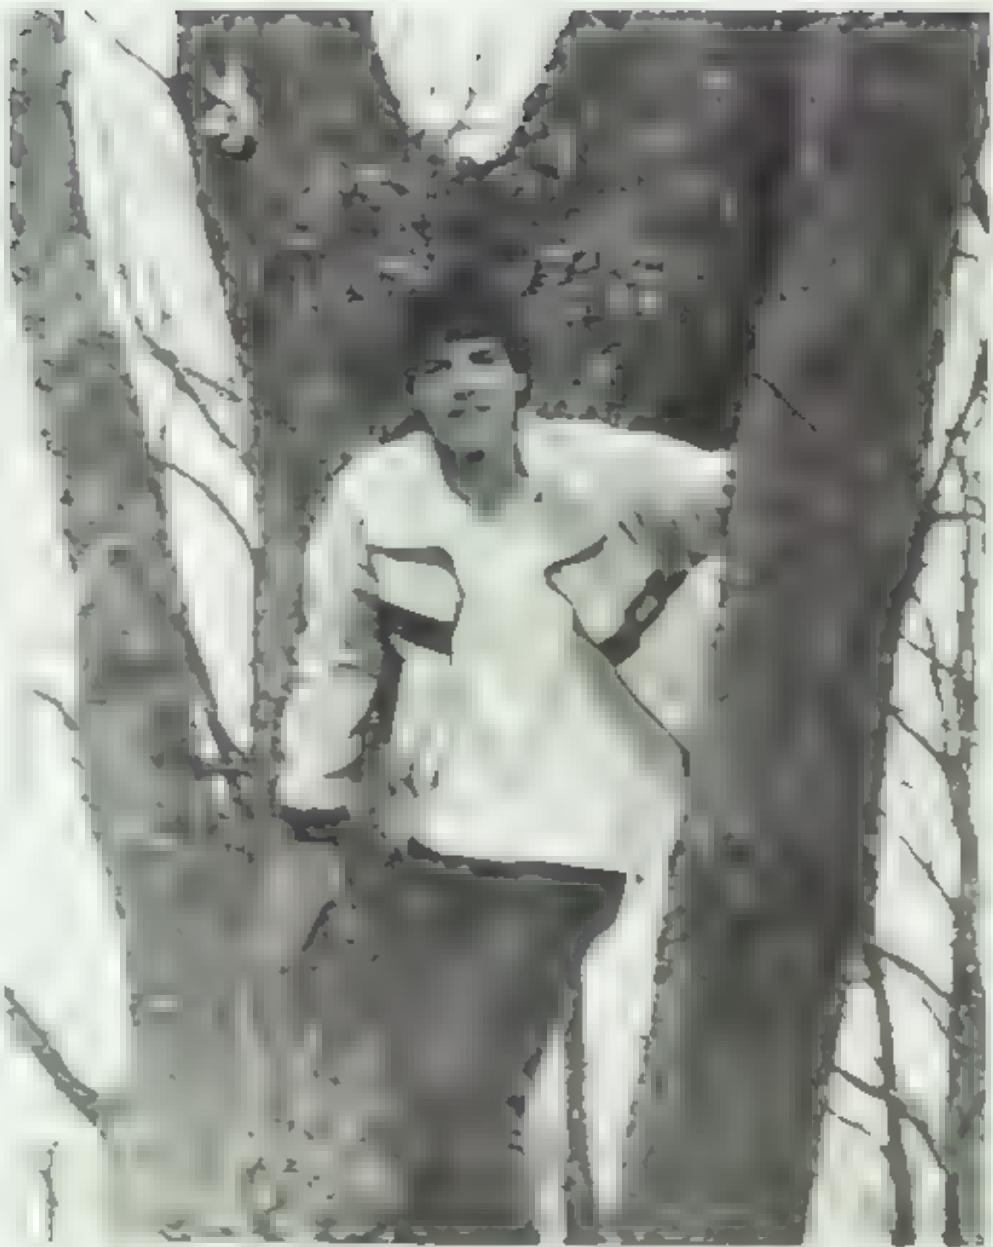

GRAYSON PRILLAMAN

To be nobody — but yourself — in a world that is doing its best, night and day, to make you everybody else — means to fight the hardest battle which any human being can fight.

— E. E. Cummings

I'm not coming in early,
I'm not coming in late,
I'm not coming in at all,
So don't sit up and wait.

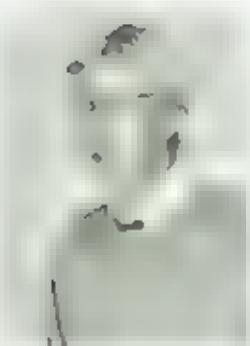

— unknown

If I leave here tomorrow
Would you still remember me.
For I must be traveling on now,
'Cause there's too many places I've got to see.
But if I stay here with you
Things just couldn't be the same,
'Cause I'm free as a bird now,
And this bird you cannot change.

— Lynyrd Skynyrd

UPPER SCHOOL

After a "Teacher Favorite" sheet was submitted to the faculty, some very interesting and diverse answers were returned. The categories are as follows: band, food, beverage, song, movie, car, and pastime.

Their favorite groups ranged from Mr. Wonson's favorite, Traffic, to Mr. Meagher's favorite, Kiss, to the Cleveland Symphony Orchestra, Doc's favorite. The only group that had more than one vote was The Beach Boys, who were voted for by Mr. France and Mrs. Grayson.

Favorite songs also had a wide range. Mr. Cook's favorite was White Rabbit by Jefferson Airplane. Mr. France preferred Carly Simon's "Comin' Around Again," and Mr. Meagher submitted a Questionable vote for "Yankee Doodle." One of Doc's three answers was for the Flute Suite by A. K. Salin. Another interesting response was Mrs. Wall's Indian Love Call.

In the favorite beverage category, most preferred soft drinks or coffee. Mr. France described his favorite drink as a "Cold One," and Mr. Meagher's favorite is Iron City Beer, one that most of us have never heard of.

Their favorite foods, with a few exceptions, can be put into one of two major categories: seafood ("anything that swims," wrote one anonymous teacher) and junkfood ("anything, as long as it is bad for you and there is a lot of it," wrote Mr. Wonson).

In the movie category, Mr. Meagher seemed to be very anxious for the release of Rocky XVIII. Gone With the Wind was voted for by both Mrs. Grayson and Mrs. Wall, and therefore, won in that category.

Favorite cars ranged from the most sophisticated to the very simple. Mrs. Shaver's favorite is a

Jaguar, and Doc's is a Ferrari. Mr. Wonson and Dr. Nossinger preferred "anything reliable" and "anything that does not spend too much time in the shop," respectively.

Reading received the majority in the pastime category, receiving votes from Mrs. Shaver, Doc, and Mr. Wonson. Mr. France's favorite pastime is "making music," Mr. Meagher's is drinking, and Dr. Nossinger spends his time "trying to make sense of my life."

FACULTY

S L A C K H A I L

One of the school's most important assets is the Slack Hall Faculty. The loss of Mr. Hudnall will cause us all sadness, but we are glad to hear that he is moving on to bigger and better (although not better for us!)

We were all entertained by Mr. Hudnall's fiftieth birthday presentation from the upper school, and like a good sport, Mr. Hudnall accepted the belly dancer humorously. He constantly laughed and poked fun at himself, and after he received his red banner and hairband with hearts to wear, Mr. Wesson praised him for his good sense of humor.

Of course we will all miss Mr. Hudnall, but we are looking forward to knowing whoever will take his place.

LUNCH ROOM

STAFF

Margaret Weaver, Ruth Muller, Edith Hart, Brenda Trail

The Wednesday Hamburger With Pickles

It was 1:07 on a typical Wednesday, and the sun hurled light into the incredibly dreary lunch room. My afternoon began with a lot of waiting around, as it does every Wednesday in the lunchroom. The lunchline sounded like every teenager in the Roanoke Valley was trying to get into Victory Stadium all at one time. As the line quickly turned into a mass of grabbing hands, we heard Mr. Meagher bellow in his incredibly manly voice. "O K. everyone form a line!" After hours of sitting around in the semi-warm pan behind the lunch room counter, I was abruptly discharged onto one of those highly reliable paper plates by Joanne Alice, then open-heartedly put on display by Edith Hart. Now, having a clear view of the massive line, I saw a hand lurching out, ready to take me away from this humiliating display. At this point I was sitting on the cashier table, and it only took us 20 minutes to get there. Now that we had finally reached the cashier, Margaret Weaver, I just sat there holding on to that incredibly reliable paper plate, hoping that my carrier did not get pushed, or suddenly lose control of his right arm. (Well now that I have been frozen, heated, fried, thrown, displayed, and sold, it was time to get dressed.)

First, I was placed on the edge of the condiments table, while my carrier went off on a journey for ketchup (I personally think there should be a keg of it at every table) He finally located what I believed to be the last ounce of ketchup in the lunchroom. Gracefully, he blurbed it on me and headed for the mustard. "Mustard; God, I hate the stuff!", I thought to myself as he carefully made sure that it was put on to form a

perfect spiral on top of the blurbed ketchup. Finally, my favorite part — the pickles. They are never blurbed on or put on in an ingenious design, they are simply placed on top. Being fully dressed now, my carrier and I were ready to set out on our pilgrimage to the upper school, where My friends and I would be consumed within the last five minutes remaining in the lunch period.

TAKE CONTROL AGAINST CANCER

Today, nearly 50 percent of all persons diagnosed with cancer will be cured. That's a remarkable statement. It reflects the incredible progress in cancer treatment that has been made in the past few years.

At the Cancer Center of Southwest Virginia, we're proud to be a part of the fight against cancer. Today, every person in our community can benefit from new ways of cancer prevention and early detection. Call your doctor to learn what you can do. Or call Cancer Medlink at 981-7641 or 1-800-422-8482 if you have concerns about cancer or need more information about Cancer Center services and tours.
